Castro Hurls New Claim against U.S.

HAVANA (AP) — Fidel Castro accused the Eisenhower administration today of trying to set up a "fifth column" in Cuba.

The Cuban Prime Minister charged that recent remarks by President Eisenhower and Secretary of State Christian A. Herter were part of a "well prepared and premeditated plan" to create an internal front.

In a 3½ hour TV speech running well past midnight, Castro declared that statements by Eisenhower and Herter were "all part of a preconceived intent to create a fifth column to encourage a counterrevolutionary struggle against the (Cuban) government."

He also accused the United States of trying to organize some sort of action against Cuba within the Organization of American States.

Castro rejected Eisenhower's charge that he betrayed the Cuban revolution.

"If we had done that," he said, "the American President would have called us loyal friends."

In a recent letter to the Chilean Students Federation Eisenhower warned against communism and said democratic ideas of the Cuban revolution were being betrayed. The Chilean students replied that they felt a true revolutionary process is developing in Cuba.

Castro pointed to actions by his government, some of which have hurt American investments here. If they had not been carried out, he declared, "that would have been a betrayal of the Cuban revolution and its people."

"If we had not done this, Eisenhower would have called us friends of democracy and might have given us the same embrace he gave Francisco Franco (of Spain)."

During his long TV appearance Castro looked weary and coughed repeatedly, as if suffering from a cold.

He repeated charges that authorities at the U.S. naval base at Guantanamo in eastern Cuba were linked to a plot against his regime. He said he knew "perfectly well" of a tie between U.S. naval authorities and counterrevolutionary elements at Santiago, capital of Oriente province, and other dissidents in the area.

DeGaulle Slated To Tell Views

French Chief Plans Summit Talk Outline

WASHINGTON (AP) — French President Charles de Gaulle is expected to state at a news conference today his aims for the forthcoming East-West summit meeting.

The 69-year-old French leader, here holding top policy talks with President Eisenhower, has an opportunity particularly to clarify his views on summit discussion of the Berlin dispute with the Soviets.

In Canada earlier this week, De Gaulle suggested dropping Berlin from the summit program in the hope of concentrating on subjects which could lead to an easing of tensions. President Eisenhower, by contrast, feels committed to negotiate on Berlin with Soviet Premier Nikita S. Khrushchev.

De Gaulle held his first policy talks of his trip with Eisenhower at the White House late Friday. The two men met for 70 minutes, alone except for interpreters.

Press Secretary James Hagerty said Eisenhower considered it a "very good conversation." He said it covered a wide range of subjects but did not disclose what they were.

French spokesman Pierre Baraduc told reporters that he assumed De Gaulle also was pleased with the first talk he has held with Eisenhower since they met in Paris last December.

The two leaders exchanged toasts Friday night at a formal White House dinner.

Without a direct reference to the Soviets, Eisenhower said "Many people talk about peace who are not talking honestly, except as they conceive of a peace as a condition in which their opponents must surrender their privileges and rights and live in a state of serfdom."

De Gaulle said in his toast "When the world is troubled, when danger hovers over the peoples, when those in authority face the task at one and the same time of opening the path of peace and finding the means to safeguard the right of man to liberty, this moral and political force constituted by the natural agreement of our two countries has a worth and an impact that are unparalleled."

Ohio Hog Prices Slightly Lower

COLUMBUS, Ohio (AP) — The Ohio Department of Agriculture reported that hog and sow prices were slightly lower this week.

Market hogs averaged 10 cents lower than last week at $16.65 per hundred pounds while sow prices were at $13.25 to $14.

Receipts at Ohio yards numbered 42,750—three per cent more than last week and 13 per cent less than the same period a year ago.

The department said heavy imports of feeder lambs from Australia is causing extra supplies of lambs on a market that is already under heavy competition. This influx is being viewed with alarm in some quarters, the department said.

U.S. Weather Moon Proves Very Valuable

WASHINGTON (AP) — America's first robot weatherman — the high-flying satellite Tiros — is already teaching new lessons in meteorology.

Government weathermen had nothing but praise at a news conference Friday for the satellite sent into orbit 450 miles above the earth April 1.

Since then the 270-pound space messenger has made over 300 swings around the earth and snapped more than 7,000 pictures.

Dr. F. W. Reichelderfer, chief of the Weather Bureau, said Tiros has revealed an unexpectedly large degree of organization in the cloud systems over much of the earth's surface.

The most striking patterns, he added, are the spiral cloud formations associated with large storms, some as much as 1,500 miles in diameter, observed over the United States and the North Atlantic, Pacific and Indian oceans.

He said weathermen have long known from radar observations that hurricanes are characterized by bands of clouds which spiral inward around the storm center. But Tiros disclosed that spiral banded cloud structures also exist in well-developed storms outside the tropics.

NE Ohio Due To Go on Fast Time Sunday

CLEVELAND (AP) — In more than 100 northeast Ohio communities, 2 a. m. Sunday suddenly will become 3 a. m.

That is the official time for the annual switch to daylight saving time. Actually, many householders will change their clocks at whatever hour they retire tonight. The forgetful will discover some time Sunday that their timepieces do not correspond with the church bells.

The rest of Ohio will remain on eastern standard time.

As a general rule, clocks will be set ahead in the area northeast of a line drawn from Sandusky, through Wooster, down to the Ohio River at Martins Ferry. The line passes along the west boundaries of Stark, Carroll, Harrison and Belmont counties.

For most communities Sunday is the starting date, and the return to eastern standard time will be made at 2 a. m. Sunday, Oct. 30.

But there are scattered spots that have different starting or closing dates.

Among the cities starting Sunday, Wellsville and Wooster will revert on Sept. 25, Medina on Oct. 2 and Martins Ferry on Oct. 29.

Bridgeport will wait until April 30 to make the change, but will return to standard time with the rest on Oct. 30. Woodsfield in Monroe County has selected May 1 as the starting date, Barberton has chosen May 29 and Barnesville in Belmont County will switch on June 1.

At Sandusky, city commissioners have voted 3-2 for an abbreviated period — Decoration Day through Labor Day.

Rocky Praises Nixon, but Shuns Backing

Kennedy Tour Goes To Oregon; Humphrey Campaigns in Maine

By THE ASSOCIATED PRESS

Vice President Richard M. Nixon has received praise but no endorsement from a possible though unlikely rival in the contest for the Republican presidential nomination.

Meanwhile, the Democrats' most active primary battlers campaigned on opposite ends of the country, Sen. John F. Kennedy of Massachusetts in Oregon and Sen. Hubert H. Humphrey of Minnesota in Maine.

Gov. Nelson A. Rockefeller of New York, who says "I am not a candidate nor will I be," heaped praise on Nixon Friday.

"Dick Nixon has been a very good friend of mine for many years," Rockefeller told a news conference in Philadelphia. "He has done an absolutely superb job as vice president."

But, when asked if he endorsed Nixon, Rockefeller replied he would wait until after the Republican National Convention in July.

Kennedy toured Oregon today for the second day in a row. As he shook hands on street corners and addressed political rallies, he stressed one major theme: Candidates should enter primaries.

In Portland Friday, he said the primary "is the way the people can get in the smoke-filled room."

His remarks were considered an attack on Sens. Lyndon B. Johnson of Texas and Stuart Symington of Missouri, who have not entered any Democratic primaries.

But both will be on the Oregon primary ballot May 20. Under Oregon law, its ballot lists all candidates whether or not they want their names there.

Humphrey, Kennedy's only opponent in West Virginia's May 10 primary, drew a burst of applause Friday night when he told the Maine Democratic convention:

"Don't let people divide us; don't let them bring issues into this campaign that don't belong there."

This was an apparent reference to the raising of Kennedy's religion as an issue in the West Virginia campaigning. Kennedy, a Roman Catholic, is trying to win in an overwhelmingly Protestant state.

Despite his reception, it was doubtful that Humphrey made much headway at the convention, which picks its delegates today to the national convention.

Sen. Edmund S. Muskie of Maine said his state's best strategy would be to "support Kennedy as part of a New England bloc."

Both Kennedy and Humphrey drew a rebuke Friday from the Republican governor of West Virginia, Cecil H. Underwood. He said they were conducting a "political feast" on his state's poverty.

Noting that the Democrats have focused on West Virginia's economic ills in their campaigning, Underwood said in Charleston:

"The time for them to have shown interest in West Virginia's problems was in the Senate, and not here, now."

In Denver, Johnson disappointed those who expected him to make a formal announcement of his candidacy.

"When and if I have an announcement to make," he said at a news conference, "I'll know how to do it. I'm not prepared to do it at this time."

Boat Reciprocity Accord Is Sought

COLUMBUS, Ohio (AP)—Ohio is seeking an arrangement under which each state along the Ohio River would accept boating licenses issued by neighboring states.

"We'd like to see complete reciprocity," Natural Resources Director Herbert B. Eagon said today. Reciprocity provides that each side will grant special privileges in return for getting special privileges.

Kentucky apparently doesn't feel it can go that far, Eagon said, adding:

"If we make access to the river as easy as possible, we feel the additional use soon would overbalance any temporary loss of licensing revenue a state might experience."

Boy Dies in Accident; Father Is Arrested

PORTSMOUTH, Ohio (AP) — Injuries suffered when his father's car struck a culvert were fatal Friday night to Jackie C. Chaney, 6, of Dayton. The crash occurred Friday on U.S. 52. The victim's father, Jack Chaney, was charged with reckless driving, the State Highway Patrol said.

Mississippi Antisitdown Law Slated for Test in Court

By THE ASSOCIATED PRESS

Mississippi's new antisitdown law will be given its first test today near Starkville when seven Arkansas Negroes appear in court for entering a white rest room at a gas station and seeking service at an adjoining cafe.

Trial is scheduled at the town of Osborn before a justice of the peace on a warrant charging trespassing on unauthorized property and signed by the cafe operator, Mrs. D. W. Watson.

The arrest of the seven was the first under the new law. Sheriff Tom Cook said the Negroes, who gave Little Rock addresses, were stopped by highway patrolmen Wednesday a few miles from the gas station, taken to the Starkville jail and later released under $200 bond each.

The sheriff said they were among 18 or 20 Negroes en route to Tuskegee, Ala., in three cars.

The Mississippi law was passed by the Legislature recently in an effort to block any sitdown demonstrations in the state. Conviction carries a maximum of six months in jal and $500 in fines.

In North Carolina, Negro students demonstrating against segregated lunch counters in the South won their first major court victory at Raleigh Friday.

Judge Jack W. Hooks dismissed trespass charges against 43 Negro students on the basis of a 14 year-old U.S. Supreme Court ruling that a sidewalk—even on private property — is open to the public.

The students were charged with trespassing on the privately owned sidewalks of Raleigh's Cameron Village shopping center.

But the judge told the students that "even though the sidewalk is dedicated to public use, it is not dedicated to public abuse. The law protects people in their property and it is going to continue to do so."

"You are setting up a situation that is dangerous and the whole world is holding its breath," he said. "In my opinion your movement is not a student movement. You are only taking directions."

Jury 'Hangs' In Trial of Congressman

NEW YORK (AP) — The long trial of Rep. Adam Clayton Powell Jr. (D-NY) has ended in a hung jury.

A Federal Court jury of eight women and four men which reported itself hopelessly deadlocked was discharged Friday by Judge Frederick Bryan. The trial began March 8.

Jury foreman Harry A. Erter, an insurance broker, first told newsmen a 6-6 split began on the first ballot and continued through all the 20 votes taken. Later Erter said he was tired and confused and that the final ballot was 10-2 for acquittal.

The Negro legislator-minister told about 600 members of his congregation Friday night:

"I am glad to get back to work full time. I have been working only part time because of the ordeals of the trial."

After the jury was dismissed, defense counsel Edward B. Williams renewed his motion for judgment of acquittal by the court. Judge Bryan scheduled a hearing on the motion for May 12.

Powell, 51, originally went to trial on three income tax evasion counts, covering the 1951 tax return of his wife, pianist Hazel Scott, and their joint 1952 return.

Midway in the trial, Judge Bryan dismissed the charges covering the 1952 return. The government charged in the remaining count that Powell fraudulently paid only $900 in 1951 on his wife's gross income of $70,000.

Miss Scott and Powell have been estranged, and she is living abroad. Miss Scott was not a defendant in the case.

U.S. 'Spring' Brings Snow, Summer, Too

By THE ASSOCIATED PRESS

Spring got out of character today — sultry summer in some spots, dreary winter in others.

Snow, sleet and cold rain fell in Utah, Idaho and Montana. Burley, Idaho, measured three inches of snow on the ground this morning. Two to three inches of snow covered parts of western Montana.

More snow and icy rain were forecast for Montana, Utah, northern and western Wyoming and parts of the Dakotas.

Cause of the turbulence was a storm centered over south-western Wyoming this morning and moving eastward. It was a virtual curtain between winter and summer.

While snow warnings went up in night, Yankton in the eastern part of the state reported 95 degrees. Minneapolis tied its record high for an April 22 Friday with an 85. And 100 miles to the north this morning temperatures were in the 40s.

The storm also plummeted temperatures in the Southwest.

Scattered thunderstorms mixed with hail slapped the central Plains while scattered thundershowers dampened parts of South Dakota and the northern Great Lakes region.

The storm was expected to extend its cooling trend, mixed with rain and thunderstorms, into the central and southern Plains and upper Mississippi Valley today. But unseasonably warm temperatures and mostly fair weather were forecast for most of the East.

Americans in Laos Alert Against Terror

VIENTIANE, Laos (AP) — A group of American residents here planned vigilante action today to guard their homes from possible terrorist attacks as pre-election tension grew in Laos.

Radio Hanoi of Communist North Viet Nam has been charging American interference in the Laotian elections. There were fears here the pro-Communist Pathet Lao rebels may take action against Americans during the election weekend.

Koreans Cool On New Move By President

Ex-Prime Minister Says Old Boss May Quit as Party Chief

SEOUL, Korea (AP) — President Syngman Rhee today agreed to shake up his badly jolted South Korean government with a premier becoming the official chief executive.

Going back to the premier-cabinet system he once scrapped, the 85-year-old President moved to yield some of his powers as the nation's strong-man. He would remain as chief of state. Rhee's moves to meet demands for more democracy were received coolly.

Questions were immediately raised about how much power he actually would relinquish. Rhee was reported to have hand-picked cabinets through the premier when South Korea had the cabinet system before.

Former Prime Minister Y. T. Pyun told newsmen that Rhee probably will resign as head of the ruling Liberal party to become a nonpartisan president.

Coming from a conference with the President, Pyun also said Rhee agreed to suggestions for making his national police politically neutral.

The police have been under fire for their brutality in crushing anticovernment demonstrations.

Vice President-elect Lee Kiboong, main target of the demonstrators, said he was resigning.

Incumbent Vice President John Chang, whom Lee beat in the mid-March elections that brought charges of rigging, did step down as a protest against the "continuing tyrannical, oppressive rule" of the Rhee government.

Chang, who had four months of his term left, said in his resignation statement he wanted to "ring warning bells to the Syngman Rhee government which is drunk with power."

He said both Lee and Rhee should resign to calm the nation, and new elections for both offices be called.

Lee said in a statement that both he and Rhee were agreed on creating the premier-cabinet type of government. He also stated that he was "determined" to resign.

This would necessitate new elections to fill the job Lee would have taken over Aug. 15. However, constitutional amendments setting up the cabinet system might abolish the vice presidency.

The swift developments left Korea's political scene in confusion in the midst of the crisis created by bloody antigovernment outbursts. Police shot and killed at least 128 demonstrators and wounded nearly 800 last Tuesday.

The rioters were protesting the mid-March landslide election won by Rhee and Lee was rigged.

Since Tuesday's blood-bath the heavily armed police and troops patrolling the main centers have held their fire.

Today 3,000 students marched through the streets of Inchon demanding that Rhee and Lee resign. The students paraded for more than four hours and threw rocks at police stations and the local offices of the Liberal party. Police made no effort to halt the demonstration.

The announcement of Rhee's decision to change the government came from Home Minister Hong Chin-ki who said the government would submit the required constitutional changes to the National Assembly soon. There was still much speculation on just how much power Rhee would be willing to relinquish.

Confession Added To Trial Evidence

PORTSMOUTH, Ohio (AP)—Alfred Scarberry's confession to the alleged drowning deaths of his two infant sons has been admitted as evidence in his first - degree murder trial.

Presiding Judge Thomas W. Mitchell of Jackson County said there was no evidence to show the man's confession was influenced by the slapping received from a policeman.

Scarberry, 41, is accused of taking his sons, David Lee, 10-months, and Kenneth, 2, into the Little Scioto River last Dec. 12 and releasing them.

Epley Pleads Guilty; Bound To Jury on Assault Charge

Charles E. Epley, 27, Route 3, apprehended here Thursday night on suspicion of felonious assault, was bound to the Pickaway County Grand Jury yesterday under $3,500 bond.

Epley appeared before Judge Sterling M. Lamb in Circleville Municipal Court. He pleaded guilty.

The accused is charged with taking indecent and improper liberties with an 11-year-old girl in a restroom at High St. School on April 13.

Police also are holding Epley in connection with an incident with a 9-year-old girl. The youth was accosted on S. Scioto St. earlier in the month. In a statement at police headquarters yesterday, he denied knowledge of this accusation.

Epley also told police he was not involved in the attack on a local woman April 15 on E. Mound St.

The 9-year-old accosted on S. Scioto St. scratched the license number of the car involved on a sidewalk. A registration check disclosed the tag number was issued to Epley.

According to Columbus Police, Epley has a long record of felonious assaults in that city.

According to state statutes, assault on a minor carries a minimum penalty of $500 fine and one year in jail and a maximum penalty of $5,000 fine and 10 years in jail, or both.

Epley was committed to the Pickaway County Jail following his hearing yesterday.

Science Professors, Teachers Honored by Ohio Academy

YELLOW SPRINGS, Ohio (AP) —Dr. Glenn H. Brown, professor of chemistry at the University of Cincinnati, has been elected president of the Ohio Academy of Science for 1960-61.

Friday night's election was part of a three-day meeting of the group at which high school science awards were given. The meeting ends today.

Dr. Guy Harold Smith, chairman of the Department of Geography at Bowling Green State University, was named president-elect of the academy for 1961-62.

Others elected were:

Dr. George Burns, Ohio Wesleyan University, secretary; Dr. Robert Giesy III, Ohio State, treasurer; Dr. William Coash, Bowling Green, director of public relations, and Prof. Gerald Acker, Bowling Green, executive secretary of the junior division.

Research grants were awarded to:

Dr. Robert W. Long Jr., Ohio Wesleyan University, in botany; Dr. T. R. Fisher, Ohio State University, in botany; Dr. H. N. Eggleston, Marietta College, in zoology; and Dr. Janet Toy, Heidelberg University, in botany.

Exhibits from Fairborn High School and Bryan High School topped those from about 500 high schools.

Outstanding teacher awards were given to:

Jack Miller, biology teacher from Shaker Heights; Chester O. Hurd, physics, Chillicothe; Karl L. Braun, botany, Keifer Junior High School, Springfield; Etta L. Elberg, zoology, Walnut Hills High School, Cincinnati; Marion L. Fosher Jr., science, Holgate High School, and Dorothy Fish, Mathematics, Pandora - Gilboa High School.

Lutheran Unit Shuns National Church Group

MINNEAPOLIS, Minn. (AP)—The newly unified American Lutheran Church today charted formal ties with interdenominational Christianity on the world scene—but not on the national scene.

Amid some opposition, the church planned to affiliate with the World Council of Churches, but it did not seek membership in the National Council of Churches.

"Personally, I can't see much difference," said the Rev. Dr. Fredrik A. Schiotz, newly elected president of the merged church. However, he added at a news conference:

"There seems to be stronger antipathy to the National Council. I suppose that's because it is nearer at hand, and because of the activity of certain groups in the country in maligning the National Council."

Neither of the three merging bodies, the 1,153,566 member Evangelical Lutheran Church, the 1,034,377 American Lutheran Church, and the 70,149 member United Evangelical Lutheran Church have belonged to the National Council in the past.

All three groups have been members of the World Council, and the plan of union stipulates that this affiliation be continued by the merged church, although there have been some objections to it.

New Elections Ordered As Ceylon Cabinet Falls

COLOMBO, Ceylon (AP) — The Ceylon government of Prime Minister Dudley Senanayake fell today and plunged the nation into another political crisis.

Gov. Gen. Sir Oliver Goonetilleke dissolved Parliament and ordered new elections July 20.

Ceylon has been beset with political troubles since the assassination of Prime Minister Solomon Bandaranaike last September.

Cincy Police Say Preacher Causes Unrest

CINCINNATI (AP)—A soap box preacher was taken into custody Friday night after police said he caused a near-riot in Washington Park when police tried to halt his sermon.

The man identified himself as Melvin Sharrock, 48, of Mt. Gilead. He showed a business card designating him "field representative, trustee and evangelist" at God's Bible School and College of Cincinnati.

Park Police Capt. Emmett Lyons said Sharrock had a crowd of some 200 on the verge of rioting when officers broke up the meeting.

Women were in tears and several people asked police to arrest them along with Sharrock, he said.

Lyons said the disturbance began after Patrolman Norbert Tieke asked the preacher if he had a permit required for conducting religious services in a city park. He didn't.

Tieke said he asked Sharrock to leave, but instead the evangelist began to incite the crowd against Tieke and his partner, Patrolman Richard Green.

"These men in white hats, white shirts and blue trousers—they're the ones that crucified Jesus Christ," Tieke quoted Sharrock as saying.

He said the preacher shouted, "They're sinners against us and sinners against God. Turn against them."

DiSalle Promises No Harassment

CLEVELAND (AP) — Gov. Michael V. DiSalle says the publishing of "scare stories and horror stories" will not interfere with his program of collecting overdue state hospital accounts from relatives or estates of mental patients.

Since 1910, when relatives were made financially responsible for the care of patients at state institutions, the state has spent 618 million dollars on mental care while collecting only 85 million dollars, he said.

Declaring that the state would not harass or garnishee to collect, the governor added: "People can make virtually any arrangements they want with the state regarding their ability to pay."

U.S. Weather Moon Proves Very Valuable

WASHINGTON (AP) — America's first robot weatherman — the high-flying satellite Tiros — is already teaching new lessons in meteorology.

Government weathermen had nothing but praise at a news conference Friday for the satellite sent into orbit 450 miles above the earth April 1.

Since then the 270-pound space messenger has made over 300 swings around the earth and snapped more than 7,000 pictures.

Dr. F. W. Reichelderfer, chief of the Weather Bureau, said Tiros has revealed an unexpectedly large degree of organization in the cloud systems over much of the earth's surface.

The most striking patterns, he added, are the spiral cloud formations associated with large storms, some as much as 1,500 miles in diameter, observed over the United States and the North Atlantic, Pacific and Indian oceans.

He said weathermen have long known from radar observations that hurricanes are characterized by bands of clouds which spiral inward around the storm center. But Tiros disclosed that spiral banded cloud structures also exist in well-developed storms outside the tropics.

NE Ohio Due To Go on Fast Time Sunday

CLEVELAND (AP) — In more than 100 northeast Ohio communities, 2 a. m. Sunday suddenly will become 3 a. m.

That is the official time for the annual switch to daylight saving time. Actually, many householders will change their clocks at whatever hour they retire tonight. The forgetful will discover some time Sunday that their timepieces do not correspond with the church bells.

The rest of Ohio will remain on eastern standard time.

As a general rule, clocks will be set ahead in the area northeast of a line drawn from Sandusky, through Wooster, down to the Ohio River at Martins Ferry. The line passes along the west boundaries of Stark, Carroll, Harrison and Belmont counties.

For most communities Sunday is the starting date, and the return to eastern standard time will be made at 2 a. m. Sunday, Oct. 30.

But there are scattered spots that have different starting or closing dates.

Among the cities starting Sunday, Wellsville and Wooster will revert on Sept. 25, Medina on Oct. 2 and Martins Ferry on Oct. 29.

Bridgeport will wait until April 30 to make the change, but will return to standard time with the rest on Oct. 30. Woodsfield in Monroe County has selected May 1 as the starting date, Barberton has chosen May 29 and Barnesville in Belmont County will switch on June 1.

At Sandusky, city commissioners have voted 3-2 for an abbreviated period — Decoration Day through Labor Day.

Mississippi Antisitdown Law Slated for Test in Court

By THE ASSOCIATED PRESS

Mississippi's new antisitdown law will be given its first test today near Starkville when seven Arkansas Negroes appear in court for entering a white rest room at a gas station and seeking service at an adjoining cafe.

Trial is scheduled at the town of Osborn before a justice of the peace on a warrant charging trespassing on unauthorized property and signed by the cafe operator, Mrs. D. W. Watson.

The arrest of the seven was the first under the new law. Sheriff Tom Cook said the Negroes, who gave Little Rock addresses, were stopped by highway patrolmen Wednesday a few miles from the gas station, taken to the Starkville jail and later released under $200 bond each.

The sheriff said they were among 18 or 20 Negroes en route to Tuskegee, Ala., in three cars.

The Mississippi law was passed by the Legislature recently in an effort to block any sitdown demonstrations in the state. Conviction carries a maximum of six months in jal and $500 in fines.

In North Carolina, Negro students demonstrating against segregated lunch counters in the South won their first major court victory at Raleigh Friday.

Judge Jack W. Hooks dismissed trespass charges against 43 Negro students on the basis of a 14 year-old U.S. Supreme Court ruling that a sidewalk—even on private property — is open to the public.

The students were charged with trespassing on the privately owned sidewalks of Raleigh's Cameron Village shopping center.

But the judge told the students that "even though the sidewalk is dedicated to public use, it is not dedicated to public abuse. The law protects people in their property and it is going to continue to do so."

"You are setting up a situation that is dangerous and the whole world is holding its breath," he said. "In my opinion your movement is not a student movement. You are only taking directions."

Jury 'Hangs' In Trial of Congressman

NEW YORK (AP) — The long trial of Rep. Adam Clayton Powell Jr. (D-NY) has ended in a hung jury.

A Federal Court jury of eight women and four men which reported itself hopelessly deadlocked was discharged Friday by Judge Frederick Bryan. The trial began March 8.

Jury foreman Harry A. Erter, an insurance broker, first told newsmen a 6-6 split began on the first ballot and continued through all the 20 votes taken. Later Erter said he was tired and confused and that the final ballot was 10-2 for acquittal.

The Negro legislator-minister told about 600 members of his congregation Friday night:

"I am glad to get back to work full time. I have been working only part time because of the ordeals of the trial."

After the jury was dismissed, defense counsel Edward B. Williams renewed his motion for judgment of acquittal by the court. Judge Bryan scheduled a hearing on the motion for May 12.

Powell, 51, originally went to trial on three income tax evasion counts, covering the 1951 tax return of his wife, pianist Hazel Scott, and their joint 1952 return.

Midway in the trial, Judge Bryan dismissed the charges covering the 1952 return. The government charged in the remaining count that Powell fraudulently paid only $900 in 1951 on his wife's gross income of $70,000.

Miss Scott and Powell have been estranged, and she is living abroad. Miss Scott was not a defendant in the case.

Boat Reciprocity Accord Is Sought

COLUMBUS, Ohio (AP)—Ohio is seeking an arrangement under which each state along the Ohio River would accept boating licenses issued by neighboring states.

"We'd like to see complete reciprocity," Natural Resources Director Herbert B. Eagon said today. Reciprocity provides that each side will grant special privileges in return for getting special privileges.

Kentucky apparently doesn't feel it can go that far, Eagon said, a ing:

"If we make access to the river as easy as possible, we feel the additional use soon would overbalance any temporary loss of licensing revenue a state might experience."

Boy Dies in Accident; Father Is Arrested

PORTSMOUTH, Ohio (AP) — Injuries suffered when his father's car struck a culvert were fatal Friday night to Jackie C. Chaney, 6, of Dayton. The crash occurred Friday on U.S. 52. The victim's father, Jack Chaney, was charged with reckless driving, the State Highway Patrol said.

U.S. 'Spring' Brings Snow, Summer, Too

By THE ASSOCIATED PRESS

Spring got out of character today — sultry summer in some spots, dreary winter in others.

Snow, sleet and cold rain fell in Utah, Idaho and Montana. Burley, Idaho, measured three inches of snow on the ground this morning. Two to three inches of snow covered parts of western Montana.

More snow and icy rain were forecast for Montana, Utah, northern and western Wyoming and parts of the Dakotas.

Cause of the turbulence was a storm centered over south-western Wyoming this morning and moving eastward. It was a virtual curtain between winter and summer.

While snow warnings went up in night, Yankton in the eastern part of the state reported 95 degrees. Minneapolis tied its record high for an April 22 Friday with an 85. And 100 miles to the north this morning temperatures were in the 40s.

The storm also plummeted temperatures in the Southwest.

Scattered thunderstorms mixed with hail slapped the central Plains while scattered thundershowers dampened parts of South Dakota and the northern Great Lakes region.

The storm was expected to extend its cooling trend, mixed with rain and thunderstorms, into the central and southern Plains and upper Mississippi Valley today. But unseasonably warm temperatures and mostly fair weather were forecast for most of the East.

Americans in Laos Alert Against Terror

VIENTIANE, Laos (AP) — A group of American residents here planned vigilante action today to guard their homes from possible terrorist attacks as pre-election tension grew in Laos.

Radio Hanoi of Communist North Viet Nam has been charging American interference in the Laotian elections. There were fears here the pro-Communist Pathet Lao rebels may take action against Americans during the election weekend.

Koreans Cool On New Move By President

Ex-Prime Minister Says Old Boss May Quit as Party Chief

SEOUL, Korea (AP) — President Syngman Rhee today agreed to shake up his badly jolted South Korean government with a premier becoming the official chief executive.

Going back to the premier-cabinet system he once scrapped, the 85-year-old President moved to yield some of his powers as the nation's strong-man. He would remain as chief of state. Rhee's moves to meet demands for more democracy were received coolly.

Questions were immediately raised about how much power he actually would relinquish. Rhee was reported to have hand-picked cabinets through the premier when South Korea had the cabinet system before.

Former Prime Minister Y. T. Pyun told newsmen that Rhee probably will resign as head of the ruling Liberal party to become a nonpartisan president.

Coming from a conference with the President, Pyun also said Rhee agreed to suggestions for making his national police politically neutral.

The police have been under fire for their brutality in crushing antigovernment demonstrations.

Vice President-elect Lee Kiboong, main target of the demonstrators, said he was resigning.

Incumbent Vice President John Chang, whom Lee beat in the mid-March elections that brought charges of rigging, did step down as a protest against the "continuing tyrannical, oppressive rule" of the Rhee government.

Chang, who had four months of his term left, said in his resignation statement he wanted to "ring warning bells to the Syngman Rhee government which is drunk with power."

He said both Lee and Rhee should resign to calm the nation, and new elections for both offices be called.

Lee said in a statement that both he and Rhee were agreed on creating the premier-cabinet type of government. He also stated that he was "determined" to resign.

This would necessitate new elections to fill the job Lee would have taken over Aug. 15. However, constitutional amendments setting up the cabinet system might abolish the vice presidency.

The swift developments left Korea's political scene in confusion in the midst of the crisis created by bloody antigovernment outbursts. Police shot and killed at least 128 demonstrators and wounded nearly 800 last Tuesday.

The rioters were protesting the mid-March landslide election won by Rhee and Lee was rigged.

Since Tuesday's blood-bath the heavily armed police and troops patrolling the main centers have held their fire.

Today 3,000 students marched through the streets of Inchon demanding that Rhee and Lee resign. The students paraded for more than four hours and threw rocks at police stations and the local offices of the Liberal party. Police made no effort to halt the demonstration.

The announcement of Rhee's decision to change the government came from Home Minister Hong Chin-ki who said the government would submit the required constitutional changes to the National Assembly soon. There was still much speculation on just how much power Rhee would be willing to relinquish.

Confession Added To Trial Evidence

PORTSMOUTH, Ohio (AP)—Alfred Scarberry's confession to the alleged drowning deaths of his two infant sons has been admitted as evidence in his first - degree murder trial.

Presiding Judge Thomas W. Mitchell of Jackson County said there was no evidence to show the man's confession was influenced by the slapping received from a policeman.

Scarberry, 41, is accused of taking his sons, David Lee, 10-months, and Kenneth, 2, into the Little Scioto River last Dec. 12 and releasing them.

Epley Pleads Guilty; Bound To Jury on Assault Charge

Charles E. Epley, 27, Route 3, apprehended here Thursday night on suspicion of felonious assault, was bound to the Pickaway County Grand Jury yesterday under $3,500 bond.

Epley appeared before Judge Sterling M. Lamb in Circleville Municipal Court. He pleaded guilty.

The accused is charged with taking indecent and improper liberties with an 11-year-old girl in a restroom at High St. School on April 13.

Police also are holding Epley in connection with an incident with a 9-year-old girl. The youth was accosted on S. Scioto St. earlier in the month. In a statement at police headquarters yesterday, he denied knowledge of this accusation.

Epley also told police he was not involved in the attack on a local woman April 15 on E. Mound St.

The 9-year-old accosted on S. Scioto St. scratched the license number of the car involved on a sidewalk. A registration check disclosed the tag number was issued to Epley.

According to Columbus Police, Epley has a long record of felonious assaults in that city.

According to state statutes, assault on a minor carries a minimum penalty of $500 fine and one year in jail and a maximum penalty of $5,000 fine and 10 years in jail, or both.

Epley was committed to the Pickaway County Jail following his hearing yesterday.

Science Professors, Teachers Honored by Ohio Academy

YELLOW SPRINGS, Ohio (AP) —Dr. Glenn H. Brown, professor of chemistry at the University of Cincinnati, has been elected president of the Ohio Academy of Science for 1960-61.

Friday night's election was part of a three-day meeting of the group at which high school science awards were given. The meeting ends today.

Dr. Guy Harold Smith, chairman of the Department of Geography at Bowling Green State University, was named president-elect of the academy for 1961-62.

Others elected were:

Dr. George Burns, Ohio Wesleyan University, secretary; Dr. Robert Giesy III, Ohio State, treasurer; Dr. William Coash, Bowling Green, director of public relations, and Prof. Gerald Acker, Bowling Green, executive secretary of the junior division.

Research grants were awarded to:

Dr. Robert W. Long Jr., Ohio Wesleyan University, in botany; Dr. T. R. Fisher, Ohio State University, in botany; Dr. H. N. Eggleston, Marietta College, in zoology; and Dr. Janet Toy, Heidelberg University, in botany.

Exhibits from Fairborn High School and Bryan High School topped those from about 500 high schools.

Outstanding teacher awards were given to:

Jack Miller, biology teacher from Shaker Heights; Chester O. Hurd, physics, Chillicothe; Karl L. Braun, botany, Keifer Junior High School, Springfield; Etta L. Elberg, zoology, Walnut Hills High School, Cincinnati; Marion L. Fosher Jr., science, Holgate High School, and Dorothy Fish, Mathematics, Pandora - Gilboa High School.

Lutheran Unit Shuns National Church Group

MINNEAPOLIS, Minn. (AP)—The newly unified American Lutheran Church today charted formal ties with interdenominational Christianity on the world scene—but not on the national scene.

Amid some opposition, the church planned to affiliate with the World Council of Churches, but it did not seek membership in the National Council of Churches.

"Personally, I can't see much difference," said the Rev. Dr. Fredrik A. Schiotz, newly elected president of the merged church. However, he added at a news conference:

"There seems to be stronger antipathy to the National Council. I suppose that's because it is nearer at hand, and because of the activity of certain groups in the country in maligning the National Council."

Neither of the three merging bodies, the 1,153,566 member Evangelical Lutheran Church, the 1,034,377 American Lutheran Church, and the 70,149 member United Evangelical Lutheran Church have belonged to the National Council in the past.

All three groups have been members of the World Council, and the plan of union stipulates that this affiliation be continued by the merged church, although there have been some objections to it.

New Elections Ordered As Ceylon Cabinet Falls

COLOMBO, Ceylon (AP) — The Ceylon government of Prime Minister Dudley Senanayake fell today and plunged the nation into another political crisis.

Gov. Gen. Sir Oliver Goonetilleke dissolved Parliament and ordered new elections July 20.

Ceylon has been beset with political troubles since the assassination of Prime Minister Solomon Bandaranaike last September.

Cincy Police Say Preacher Causes Unrest

CINCINNATI (AP)—A soap box preacher was taken into custody Friday night after police said he caused a near-riot in Washington Park when police tried to halt his sermon.

The man identified himself as Melvin Sharrock, 48, of Mt. Gilead. He showed a business card designating him "field representative, trustee and evangelist" at God's Bible School and College of Cincinnati.

Park Police Capt. Emmett Lyons said Sharrock had a crowd of some 200 on the verge of rioting when officers broke up the meeting.

Women were in tears and several people asked police to arrest them along with Sharrock, he said.

Lyons said the disturbance began after Patrolman Norbert Tieke asked the preacher if he had a permit required for conducting religious services in a city park. He didn't.

Tieke said he asked Sharrock to leave, but instead the evangelist began to incite the crowd against Tieke and his partner, Patrolman Richard Green.

"These men in white hats, white shirts and blue trousers—they're the ones that crucified Jesus Christ," Tieke quoted Sharrock as saying.

He said the preacher shouted, "They're sinners against us and sinners against God. Turn against them."

DiSalle Promises No Harassment

CLEVELAND (AP) — Gov. Michael V. DiSalle says the publishing of "scare stories and horror stories" will not interfere with his program of collecting overdue state hospital accounts from relatives or estates of mental patients.

Since 1910, when relatives were made financially responsible for the care of patients at state institutions, the state has spent 618 million dollars on mental care while collecting only 85 million dollars, he said.

Declaring that the state would not harass or garnishee to collect, the governor added: "People can make virtually any arrangements they want with the state regarding their ability to pay."

Small Dairy Man Requires More Income

Raising Efficiency Is Best Method of Keeping Solvent

By GEORGE HAMRICK
County Extension Agent, Agriculture

Many Ohio dairymen need more cash income to enable them to make the necessary adjustments in their business.

Higher producing cows, replacement of equipment, and disease prevention add to the cost of producing milk. The small dairy farmer is often urged to increase the size of his herd and thus increase the income. However, increasing size before achieving efficient production of the present herd may not be the answer to increasing net income.

Added investments from added requirements to control health and disease are necessary to assure high quality milk, but they are expensive. Increased milk production per cow, more effective feeding and breeding programs with more volume of milk per man are suggested as important means of spreading out these expenses.

There are approximately 25,000 producers marketing milk as manufacturing milk in Ohio. Most of these are considered small dairymen. The number of these farms and production from them have declined. The manufacturing milk industry is feeling the effect in less volume. The trouble is, these small dairy farms are not producing milk at a low cost per hundredweight to give them a profit at manufacturing milk prices.

A recent study by Dr. Ray Schultz and E. F. Baumer of the Ohio State University and Ohio Agricultural Experiment Station points out that the number of producers of manufacturing milk has declined 44 percent from 1945 to 1959. Of the producers interviewed by Schultz and Baumer, the average production per cow was 5200 pounds per year. This is 1600 pounds below the state average production per cow.

* * *

EXTENSION dairymen at Ohio State say high producing cows assure more profit. The 1958 Dairy Herd Improvement records in Ohio indicate that a cow producing 5,000 pounds of milk returned a $126 income over feed cost. A cow producing 10,000 pounds of milk returned $290 per year and one producing 15,000 pounds returned $469 per year over feed costs.

A total of 450 DHIA herds with a total of approximately 10,000 cows indicated that the average size herd was 23 cows, producing 9,627 pounds per cow. Cows consumed on the average 4,800 pounds silage, 4,300 pounds hay and 2,900 pounds concentrate, with a feed cost per hundredweight of milk of $1.57. Labor and management returns were $212 per cow. These herds, although well above the average of the small herds in Ohio, may serve as the goal to which small dairymen need to strive.

Dairy herd records do not make a cow produce but they sure help to give proof of the loafer and to replace her with a cow that will make a return.

The small dairyman must be efficient, he must strive to be better than average. To achieve a $5,000 income for his labor and management per year, the dairyman would need 18.5 cows producing 12,800 pounds per cow, with milk priced at the Ohio average. This is twice as good as the average Ohio cow is doing. Such an income would require 23.6 cows averaging 9,600 pounds per year or 34.7 cows averaging 6,800 pounds milk per cow per year.

The small dairy farmer may indicate that he does not require $5,000 from his dairy enterprise, because it is only a part of his income. If this is the situation, comparing prices with the amount of added investment may not induce all dairy farmers to produce for the market with the highest price per hundredweight.

However, the efficiency of production and management is necessary regardless of the market to which his milk is delivered. Labor saving devices and milking parlor arrangements are useful, but may only add to the exonomic difficulty of the small producer if he ignores the other factors of more efficient production.

Dairy farmers to increase their economic position must use some type of record keeping from which they can analyze their dairy enterprise.

Spray Spittlebug This Weekend!

By GEORGE HAMRICK
County Extension Agent, Agriculture

On April 15 spittlebug hatc started in Pickaway County and c April 18 they hatched in Frankli County.

Based on these facts and with temperatures as they have been, the hatching should have been completed yesterday, April 22.

Methoxychlor spray can be used with best results, if applied within a very few days following April 22. Since spring is late this year, clover and alfalfa will grow rapidly, so from the point of view of correct plant height and completeness of hatch, this present week end (April 22 to 27) should be the best time to spray.

Methoxychlor has excellent residual properties and will be effective even if the hatch is not entirely complete.

It will pay to spray if you find an average of one bug per stem. The first bugs are difficult to find and even after April 22 you may examine plants and think there are not spittlebugs present.

* * *

IT WILL BE necessary to pick at least 20 stems at ground level and then pull the leaves away from the stem and separate folded leaves in the bud in order to find

dden spittlebugs. The bugs at resent are orange and about ½ e size of the head of a straight n.

Methoxychlor should be used at quarts 25 per cent with at least 0 gallons of water per acre.

Women Get Saw Lessons

Attention homemakers! Would you like to improve your storage areas by having steps, shelves, drawers?

The Pickaway County Home Councilors are having a storage workshop where the homemakers themselves will make step shelves.

The workshop will be at 7 p. m. Monday at Ankrom's Lumber Mill. Ralph and Dale Ankrom will instruct the women on how to make the different storage equipment.

Homemakers are to bring hammers, saws, and measurements for what you intend to make. Also, for refreshments, you are to bring a plate of sandwiches. Please note this is a change from what the councillor letter said. Bring sandwiches, not cookies. Beverage will be furnished.

Soybean Growers Urged To Watch Market Prices

Growers with soybeans under 1959 price - support loans were urged today to watch market prices closely during the next few weeks so that their crop may bring the best possible return.

J. Austin Dowden, office manager for the Pickaway ASC County Committee, reminds farmers that they sometimes can get a better price for soybeans by paying off the Commodity Credit Corporation loan and selling the crop on the market. Since soybean loans mature on May 31, any redemption of beans must be completed by that date.

Price support was available on 1959 crop soybeans in Pickaway County at $1.84 a bushel.

Remove Grass Stains Easily

Be Sure To Check Types of Fabric

By HOLEEN K. EWING
Associate County Extension Agent

Spring is here at last. Children are playing outdoors and we find ourselves wrking in our yards and gardens.

With spring comes that laundry problem of removing grass, foliage, and flower stains from clothing. However, this doesn't need to be a problem to homemakers any more.

If you know that the fabric is washable, first try rubbing soap or synthetic detergent into a plant stain, and washing the garment. Or, if a test on an inside edge of a seam or other hidden part of the garment shows alcohol won't affect the dye, sponge the stain with alcohol. Use alcohol diluted with water on acetate fabrics.

For stubborn stains you can use a sodium perborate bleach. Sprinkle the moist stain with bleach, gently cover the garment with a solution made of 1 tablespoon of sodium perborate per pint of water, and let it soak several hours or overnight.

If the plant stains are still very stubborn, you can use stronger sodium perborate on the stain and dip it into very hot or boiling water. Rinse well, and repeat if necessary.

Chlorine and sodium perborate bleaches generally remove the same types of stains. However, chlorine bleaches should never be used on wool, silk, blends containing these fibers, and many "wash and wear" fabrics. Check the tag on the garment before using a chlorine bleach.

Teays Valley Officials Ask Approval of Bond Issue

Teays Valey School District officials today outlined the necessity of approval of a $1,900,000 bond issue and answered questions pretaining to the issue.

The county school district is asking approval of the bond issue to construct a consolidated high school building and adequately equip the school with teaching facilities.

Among the more pertinent questions answered were:

"If the bond issue is passed would it have a tendency to drive public utilities out of the district?"

* * *

AFTER THE BOND issue is passed, Teys Valley still would have as low or lower tax rate than any territory in this part of Ohio.

"Is it probable that we will lose some of our public utility tax?"

Within recent years, bills in Congress have been introduced that would cause all public utility taxes to be paid to the state and distributed to schools in proportion to their need.

If and when this bill becomes law, and it may not be long, it would seriously decrease the utility tax income for schools in the Teays Valley District.

However, a tax bond on utilities would have to be paid if the bon issue were passed before statewide utility tax laws were enacted. Teays Valley probably will have as good a chance of attracting new industries as it has of losing what it has. Good schools will attract industry.

"How much would it reduce the cost if the auditorium were omitted?"

* * *

THE COST of the auditorium is about $250,000. It would cost about $50,000 to make the necessary changes in the gymnasium to provide for a makeshift auditorium and they have never proven satisfactory in this size school. The omission of the auditorium would reduce the tax rate from 3.4 mills to about 3 mills.

"Should the district build a less exensive high school building?"

"The estimated cost of this building is 85 cents per cubic foot, which is as cheap and as sound a construction that can be built and much cheaper than many school buildings are now costing.

There are no frills in a building at this price. Every cubic foot has a valuable use or it has not been included. The only way the price can be reduced is to reduce the size.

Reduce the size and the building may be too small by the time it is completed. Omit any room and you do not have a complete school plant.

"Who pays for school building in Teays Valley School District?"

Present valuation is: public utilities, $24,010,230; real estate, $14,555,770; and personal property, $3,082,570, for a total of $41,648,507.

* * *

THE STATE or federal government pays no part of bond issues in Teays Valley. The state may help when a district has bonded itself for 9 per cent of its valuation.

Teays Valley total school bond indebtedness would be about 5 percent including the 3.4-mill bond levy being voted on.

Small Dairy Man Requires More Income

Raising Efficiency Is Best Method of Keeping Solvent

By GEORGE HAMRICK
County Extension Agent, Agriculture

Many Ohio dairymen need more cash income to enable them to make the necessary adjustments in their business.

Higher producing cows, replacement of equipment, and disease prevention add to the cost of producing milk. The small dairy farmer is often urged to increase the size of his herd and thus increase the income. However, increasing size before achieving efficient production of the present herd may not be the answer to increasing net income.

Added investments from added requirements to control health and disease are necessary to assure high quality milk, but they are expensive. Increased milk production per cow, more effective feeding and breeding programs with more volume of milk per man are suggested as important means of spreading out these expenses.

There are approximately 25,000 producers marketing milk as manufacturing milk in Ohio. Most of these are considered small dairymen. The number of these farms and production from them have declined. The manufacturing milk industry is feeling the effect in less volume. The trouble is, these small dairy farms are not producing milk at a low cost per hundredweight to give them a profit at manufacturing milk prices.

A recent study by Dr. Ray Schultz and E. F. Baumer of the Ohio State University and Ohio Agricultural Experiment Station points out that the number of producers of manufacturing milk has declined 44 percent from 1945 to 1959. Of the producers interviewed by Schultz and Baumer, the average production per cow was 5200 pounds per year. This is 1600 pounds below the state average production per cow.

* * *

EXTENSION dairymen at Ohio State say high producing cows assure more profit. The 1958 Dairy Herd Improvement records in Ohio indicate that a cow producing 5,000 pounds of milk returned a $126 income over feed cost. A cow producing 10,000 pounds of milk returned $290 per year and one producing 15,000 pounds returned $469 per year over feed costs.

A total of 450 DHIA herds with a total of approximately 10,000 cows indicated that the average size herd was 23 cows, producing 9,627 pounds per cow. Cows consumed on the average 4,800 pounds silage, 4,300 pounds hay and 2,900 pounds concentrate, with a feed cost per hundredweight of milk of $1.57. Labor and management returns were $212 per cow. These herds, although well above the average of the small herds in Ohio, may serve as the goal to which small dairymen need to strive.

Dairy herd records do not make a cow produce but they sure help to give proof of the loafer and to replace her with a cow that will make a return.

The small dairyman must be efficient, he must strive to be better than average. To achieve a $5,000 income for his labor and management per year, the dairyman would need 18.5 cows producing 12,800 pounds per cow, with milk priced at the Ohio average. This is twice as good as the average Ohio cow is doing. Such an income would require 23.6 cows averaging 9,600 pounds per year or 34.7 cows averaging 6,800 pounds milk per cow per year.

The small dairy farmer may indicate that he does not require $5,000 from his dairy enterpirse, because it is only a part of his income. If this is the situation, comparing prices with the amount of added investment may not induce all dairy farmers to produce for the market with the highest price per hundredweight.

However, the efficiency of production and management is necessary regardless of the market to which his milk is delivered. Labor saving devices and milking parlor arrangements are useful, but may only add to the exonomic difficulty of the small producer if he ignores the other factors of more efficient production.

Dairy farmers to increase their economic position must use some type of record keeping from which they can analyze their dairy enterprise.

Spray Spittlebug This Weekend!

By GEORGE HAMRICK
County Extension Agent, Agriculture

On April 15 spittlebug hatc started in Pickaway County and c April 18 they hatched in Frankli County.

Based on these facts and with temperatures as they have been, the hatching should have been completed yesterday, April 22.

Methoxychlor spray can be used with best results, if applied within a very few days following April 22. Since spring is late this year, clover and alfalfa will grow rapidly, so from the point of view of correct plant height and completeness of hatch, this present weekend (April 22 to 27) should be the best time to spray.

Methoxychlor has excellent residual properties and will be effective even if the hatch is not entirely complete.

It will pay to spray if you find an average of one bug per stem. The first bugs are difficult to find and even after April 22 you may examine plants and think there are not spittlebugs present.

* * *

IT WILL BE necessary to pick at least 20 stems at ground level and then pull the leaves away from the stem and separate folded leaves in the bud in order to find hiden spittlebugs. The bugs at resent are orange and about ½ e size of the head of a straight n.

Methoxychlor should be used at quarts 25 per cent with at least 0 gallons of water per acre.

Women Get Saw Lessons

Attention homemakers! Would you like to improve your storage areas by having steps, shelves, drawers"

The Pickaway County Home Councilors are having a storage workshop where the homemakers themselves will make step shelves.

The workshop will be at 7 p. m. Monday at Ankrom's Lumber Mill. Ralph and Dale Ankrom will instruct the women on how to make the different storage equipment.

Homemakers are to bring hammers, saws, and measurements for what you intend to make. Also, for refreshments, you are to bring a plate of sandwiches. Please note this is a change from what the councillor letter said. Bring sandwiches, not cookies. Beverage will be furnished.

Soybean Growers Urged To Watch Market Prices

Growers with soybeans under 1959 price - support loans were urged today to watch market prices closely during the next few weeks so that their crop may bring the best possible return.

J. Austin Dowden, office manager for the Pickaway ASC County Committee, reminds farmers that they sometimes can get a better price for soybeans by paying off the Commodity Credit Corporation loan and selling the crop on the market. Since soybean loans mature on May 31, any redemption of beans must be completed by that date.

Price support was available on 1959 crop soybeans in Pickaway County at $1.84 a bushel.

Remove Grass Stains Easily

Be Sure To Check Types of Fabric

By HOLEEN K. EWING
Associate County Extension Agent

Spring is here at last. Children are playing outdoors and we find ourselves wrking in our yards and gardens.

With spring comes that laundry problem of removing grass, foliage, and flower stains from clothing. However, this doesn't need to be a problem to homemakers any more.

If you know that the fabric is washable, first try rubbing soap or synthetic detergent into a plant stain, and washing the garment. Or, if a test on an inside edge of a seam or other hidden part of the garment shows alcohol won't affect the dye, sponge the stain with alcohol. Use alcohol diluted with water on acetate fabrics.

For stubborn stains you can use a sodium perborate bleach. Sprinkle the moist stain with bleach, gently cover the garment with a solution made of 1 tablespoon of sodium perborate per pint of water, and let it soak several hours or overnight.

If the plant stains are still very stubborn, you can use stronger sodium perborate on the stain and dip it into very hot or boiling water. Rinse well, and repeat if necessary.

Chlorine and sodium perborate bleaches generally remove the same types of stains. However, chlorine bleaches should never be used on wool, silk, blends containing these fibers, and many "wash and wear" fabrics. Check the tag on the garment before using a chlorine bleach.

Teays Valley Officials Ask Approval of Bond Issue

Teays Valey School District officials today outlined the necessity of approval of a $1,900,000 bond issue and answered questions pretaining to the issue.

The county school district is asking approval of the bond issue to construct a consolidated high school building and adequately equip the school with teaching facilities.

Among the more pertinent questions answered were:

"If the bond issue is passed would it have a tendency to drive public utilities out of the district?"

* * *

AFTER THE BOND issue is passed, Teys Valley still would have as low or lower tax rate than any territory in this part of Ohio.

"Is it probable that we will lose some of our public utility tax?"

Within recent years, bills in Congress have been introduced that would cause all public utility taxes to be paid to the state and distributed to schools in proportion to their need.

If and when this bill becomes law, and it may not be long, it would seriously decrease the utility tax income for schools in the Teays Valley District.

However, a tax bond on utilities would have to be paid if the bon issue were passed before statewide utility tax laws were enacted. Teays Valley probably will have as good a chance of attracting new industries as it has of losing what it has. Good schools will attract industry.

"How much would it reduce the cost if the auditorium were omitted?"

* * *

THE COST of the auditorium is about $250,000. It would cost about $50,000 to make the necessary changes in the gymnasium to provide for a makeshift auditorium and they have never proven satisfactory in this size school. The omission of the auditorium would reduce the tax rate from 3.4 mills to about 3 mills.

"Should the district build a less exensive high school building?"

"The estimated cost of this building is 85 cents per cubic foot, which is as cheap and as sound a construction that can be built and much cheaper than many school buildings are now costing.

There are no frills in a building at this price. Every cubic foot has a valuable use or it has not been included. The only way the price can be reduced is to reduce the size.

Reduce the size and the building may be too small by the time it is completed. Omit any room and you do not have a complete school plant.

"Who pays for school building in Teays Valley School District?"

Present valuation is: public utilities, $24,010,230; real estate, $14,555,770; and personal property, $3,082,570, for a total of $41,648,507.

* * *

THE STATE or federal government pays no part of bond issues in Teays Valley. The state may help when a district has bonded itself for 9 per cent of its valuation.

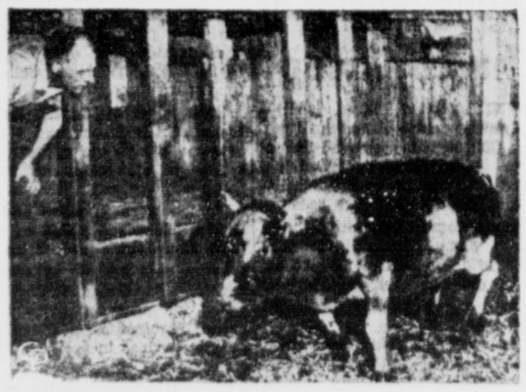

Teays Valley total school bond indebtedness would be about 5 percent including the 3.4-mill bond levy being voted on.

Federal support for school buildings, if it is ever granted, is almost sure t aid poorer districts and Teays Valley would have a slim chance of ever obtaining Federal Aid for its buildings.

Vet Pension To Be Altered

Higher Limits Due on July 1

Questions of interest to ex-servicemen should be given to Pickaway County Veterans Service Officer, Jim Shea. His offices are in the basement of the Court House.

Q—I am a World War I veteran, more than 70-years-of-age and single. I have an income of $1,800 per year. Am I eligible for a pension?

A—Under the current law, you are not eligible for a pension because you have an income exceeding $1,400 per year. However, under the new pension system which will go into effect on July 1st a veteran with an income of $1,800 would be entitled to a pension in the amount of $40 per month, provided he meets other requirements of the law.

Q—I have no income except my pension in the amount of $78.75 per month. I have been on the pension rolls for 11 years and am 66-years-of-age. What amount of pension will I receive under the new pension law?

A—If you have no income other than your pension, you will receive, under the new law, $85 per month.

* * *

Q—IF A WORLD WAR I veteran, drawing a pension in the amount of $78.75 per month, decides to continue to receive this benefit under the current law rather than change over to the new law, and passes away after July 1, would his widow draw pension under the old law or the new law?

A—If death occurs after the date the new law becomes effective, July 1st, the widow will receive benefits under the new law. She will have no other choice.

Q— I am receiving a total non service connected pension. I am considering selling my house for $8,000. In view of the price I paid for it three years ago, I will make a net profit of about $5,000. This will be received at the rate of $1,000 per year, interest free over a period of eight years. Will all of this profit be considered as income for one year for pension purposes?

A—Only the money which you actually receive during the year will be considered as income for pension purposes.

Q—Is it necessary to have been married to World War II veteran for a period of five years to be eligible for pension at the time of his death?

A—The law states that unless there was a child born of the union, a widow must have been married to the World War II veteran for five years prior to his death to be entitled to pension benefits.

Soybean Maturity Vital For Profitable Crop Here

There are many soybean varieties, care should be taken in selecting a variety that is neither too late nor too early for conditions involved. As a general rule, the early maturing varieties will not yield as well as late maturing varieties, if they mature before frost.

On very rich soils, varieties need excellent lodging resistance to permit satisfactory combining. The ten recommended soybean varieties cover most conditions in Ohio rather satisfactorily. Only two of the recommended varieties are resistant to Pythophthora root rot. These are Monroe and Blackhawk.

Blackhawk should be confined to Northern and Central Ohio as an early variety to precede wheat. Monroe is also better adapted to the same areas as Blackhawk. Chippewa beans are adapted to Northern Ohio conditions only.

Clark soybeans are very late maturing and probably should not be considered at all unless for a full season and definitely should not be used if wheat is to follow.

Lincoln, Ford, and Shelby varieties are all adapted to Central and Southern Ohio areas, but all three are late maturing varieties and are tall growing plants. However, these three have yields slightly better in experiments than have the earlier.

* * *

LINDARIN, Harosoy, and Hawkeye are adapted to all areas of Ohio. These three are rather medium in speed of maturity, and the Harosoy is not quite up to Lindarin and Hawkeye in resistance to lodging.

Considering early maturity and results of soybean experiments, Lindarin seems a very slight edge with Harosoy, Ford, and Shelby varieties running very close to it for use in Pickaway County.

two of these five farmers feed their grain right these two
A recent research study by a leading Midwestern university discloses only *two out of every five farmers* use enough supplement with their grains to make a balanced ration. The other three use only 42.6% of the right amount of supplement needed.
Consider what this means: Based on figures from carefully controlled experiments at Purina Research Farms, the two farmers who supplement their grains right produce beef for $3 per hundred less than the three who use only 42.6% of the proper amount. If they feed dairy cows, hogs or poultry, they make comparable savings.
It boils down to this; if they're worth feeding, they're worth feeding right. Give us a chance to prove that Purina Check-R-Mixed rations can help you produce lots of meat, milk and eggs . . . at low cost. Come in today.

A simple turn of the Purina Check-R-Mixer dial gives these two farmers the latest research-proven formulas—suited exactly to their grains, and to their type of livestock and poultry. Check-R-Mix is today's scientific approach to low-cost production.

two of these five farmers feed their grain right these two

A recent research study by a leading Midwestern university discloses only *two out of every five farmers* use enough supplement with their grains to make a balanced ration. The other three use only 42.6% of the right amount of supplement needed.

Consider what this means: Based on figures from carefully controlled experiments at Purina Research Farms, the two farmers who supplement their grains right produce beef for $3 per hundred less than the three who use only 42.6% of the proper amount. If they feed dairy cows, hogs or poultry, they make comparable savings.

It boils down to this; if they're worth feeding, they're worth feeding right. Give us a chance to prove that Purina Check-R-Mixed rations can help you produce lots of meat, milk and eggs . . . at low cost. Come in today.

A simple turn of the Purina Check-R-Mixer dial gives these two farmers the latest research-proven formulas—suited exactly to their grains, and to their type of livestock and poultry. Check-R-Mix is today's scientific approach to low-cost production.

Importance of Research

From the time industry as a whole discovered research and development were not the waste of manufacturing money it once believed them to be, the roles of the chemist, the physicist, the laboratory technician and the engineer have become increasingly important to the continued perfection and advancement of almost every tangible commodity.

As importance of research became better understood, various government departments became interested in supporting the enlargement of scientific knowledge in specific areas, and there are many private laboratories in the nation now which receive part of their operating expenses from the federal government.

A science advisor to the Secretary of State has called for a redirection of the nation's research facilities away from pure or basic research and toward greater concentration of applied scientific pursuit via the medium of a central government agency to control much of the research activity and channel it into areas hard pressed for immediate results.

Dr. Wallace R. Brode, this year's winner of the American Chemical Society's Priestley Medal, is seeking support in a campaign for a central authority over American research facilities. Although scientists recognize the need for better dissemination of information among themselves and better correlation of their individual efforts, many disagree with Dr. Brode's outline of a central organization's duties.

The State Department advisor is convinced that fundamental research is a waste of time in an era advancing at a more rapid pace than science is presently capable of sustaining. The primary objective of a central authority, as envisioned by Dr. Brode, would be the parceling of scientific projects to member organizations. Decisions as to what lines of endeavor would be followed, as well as what financial support would be provided, would come from the science agency.

Fundamental — or pure — research, frowned unpo by applied science advocates such as Dr. Brode as "merely dedicated to an increase in the world's sum total of knowledge," could easily be shunted aside in favor of more immediate returns from applied science in a scientific community directed from a central body. To do so would deny the world the discovery of any basic information not now known.

To emphasize applied science over fundamental research is not practical in time of great scientific stress, but to premit one to completely swallow the other is reminiscent of the bill introduced many years ago by a Congressman to abolish the Patent Office because everything must have been invented.

Jailbreaker Is Ruled To Be Sane

WILMINGTON, Ohio (AP)—Everett D. Crum, 32, who broke jail here in February, shot two policemen and terrorized residents of three counties, has been held to be sane.

Common Pleas Court Judge C. Luther Swaim of Clinton County, said he had so been informed by letter from Lima State Hospital. Crum will be returned to Wilmington tonight.

Crum has been charged here with jail break, kidnaping to extort, breaking entering, operating an automobile without the driver's consent, and armed roobery.

The grand jury of nearby Highland County will meet next Monday to consider six additional charges against Crum.

Two of those charges are shooting with intent to kill, car theft, and three charges of burglary.

Crum also is charged in Adams County with two counts of kidnaping.

He broke out of the Wilmington Jail Feb. 18. He was being held there on a charge of breaking and entering.

Ohio Chief Defends Plan On Collections

COLUMBUS, Ohio (AP)—During the last quarter century Ohio recovered only seven cents on the dollar spent for care of mental patients, Gov. Michael V. DiSalle estimated Friday.

He devoted most of the first hour of his weekly Cabinet meeting to an explanation of his program for collecting overdue state hospital accounts from relatives or estates of patients.

The governor recently ordered an attempt to collect a half-billion dollars in overdue accounts but estimated the efforts might produce only 25 millions because most of the 216,000 accounts now were uncollectable.

He reported 85 million dollars paid to the state since 1916 by individuals responsible for 618 million dollars worth of care for mental patients.

He termed unjustified recent criticism of the collection program by some newspapers and State Auditor James A. Rhodes.

Failure to collect from those able to pay, DiSalle asserted, merely helps to build an estate for heirs of mental patients at the expense of taxpayers who otherwise have to pay for their care.

The governor also took exception to an editorial in the state Democratic committee's official publication calling for stronger libel laws applying to newspapers. He said the press should be free to criticize officials.

Ohio Excise Tax Take Hits Monthly High

COLUMBUS, Ohio (AP) — Excise taxes collected in March from cigarettes, 3.2 beer, wine and malt beverages totaled $7,036,692, highest monthly revenue so far this year, the Tax Department reports. The total compares with $4,721,447 a year earlier—almost a 50 per cent increase, resulting from cigarette and beer tax increases effective last June. April's collections probably will be even higher because the horse racing season has begun in Ohio, the department said.

Who Paid for Cuban Ad?

By George Sokolsky

On April 6, an advertisement appeared in "The New York Times" announcing the organization of a "Fair Play for Cuba Committee." This was to have been expected because there are always committees about everything and there are always "American Lasters."

It was also not surprising that this committe could immediately afford to spend $5,000 for an advertisement in "The New York Times."

I suggested that if the money came from the Cuban government, those who signed it were unregistered foreign agents which is an offense; if the signers paid for it themselves out of their own pockets, then it is a just expression of opinion to which everyone is entitles.

The co-chairmen of this committee were announced to be Waldo Frank and Carleton Beals and one was entitled to believe that these writers organized it and were responsible for it. However, into my hands came a letter from Carleton Beals to Robert B. Taber of the Columbia Broadcasting System, who was apparently organizing the "Fair Play for Cuba Committee."

It was Taber who invited Beals to become a co-chairman of this committee. Beals's letter is dated April 5 and may, the Post Office being what it is, not have reached Taber in time. Also in a postscript, Beals asks Taber to show him the proposed advertisement as it is to be run. From this, it is to be inferred that Taber was the mechanic of this Fair Play for Cuba Committee." Beals did not see the advertisement until it appeared in print.

Beals's letter to Taber is most interesting, particularly a paragraph which I have his permission to reproduce herewith:

"Two things I would have to be reassured about: (1) That no Communist is part of the committee or is asked to become a sponsor. This would blow the whole thing out of the water; (2) That funds are from voluntary contributions and that no money is derived from the Cuban government or their representatives, either directly or indirectly."

Of course, as the advertisement was published one day after Beals addressed his letter to Taber, the former could not have received a reply from the latter. However, I telephoned to Carleton Beals on April 13 and he had not by that date received such an assurance as he requested. In fact, such an assurance could not have been given unless certain persons took steps to erase their life history from the record.

As for the funds coming from Cuba, the precise data on that subject cannot be found except under oath by some authority possessing the power of subpoena. My belief is that those who signed this advertisement would prefer to list the contributors to its payment in order to vitiate the suspicion that it came from Castro.

Men have a right to be suspicious, and wise men, if they have nothing to hide, make full disclosure of the facts. Certainly those public offices which deal with such matters know who paid for the advertisement and where the cash came from.

I must confess that I do not know who Robert B. Taber is, but the Beals letter to him shows that there was an organizing committee, that Beals did not attend any of its sessions and that Beals wanted to know what was being done and that therefore he wrote to Taber as the man who could tell him.

What is the importance of all this? Well, there is much anti-Castro agitation in this country; there is a pro - Castro propaganda. Those opposed to Castro do not represent a foreign power; they represent an American reaction to a revolutionary government which imperils the United States.

Those who favor Castro may be honest men and women who conscientiously believe that it is to the best interest of the United States that a government antagonistic to the United States should have come into existence 90 miles from Miami; that it is satisfactory that that government has made a deal with Soviet Russia; that it is satisfactory that American property in Cuba be seized and sequestered by the Castro government and that out of Cuba revolutionary forces develop disorder throughout the Caribbean and imperil the Panama Canal.

On the other hand some of those who so hold may be employed by Castro; they may have let themselves out for hire. We should know the facts.

Ohio Excise Tax Take Hits Monthly High

COLUMBUS, Ohio (AP) — Excise taxes collected in March from cigarettes, 3.2 beer, wine and malt beverages totaled $7,036,692, highest monthly revenue so far this year, the Tax Department reports. The total compares with $4,721,447 a year earlier—almost a 50 per cent increase, resulting from cigarette and beer tax increases effective last June. April's collections probably will be even higher because the horse racing season has begun in Ohio, the department said.

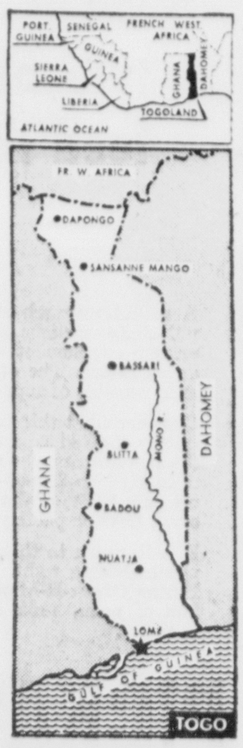

Man Waves to Pals, Is Killed in Plunge

COLUMBUS, Ohio (AP- — John A. Teegardin, 49, making a parting gesture to friends, fell off an eight-foot wall to a concrete driveway and was injured fatally early today.

Teegardin, who formerly operated a coal firm in New Lexington, was attending a party and was bidding goodbye to friends when he toppled over a wall to a sunken driveway.

Speaker will be Mr. William F. Hayden, representing the American Friends Service Committee. Local arrangements are under the supervision of Mr. Huber with the help of parish young people.

East German Bishop, 79, Still Lambastes Communists

BERLIN (AP)—One of the bitterest enemies that communism has in this divided city is a man who enjoys the rare privilege once a month of getting up and telling a crowd in the Red sector just what he thinks of the Communist regime.

He is Bishop Otto Dibelius, head of Germany's Evangelical (Lutheran) Church. He once said to a grandson:

"When I stand up to preach and see so much as one empty pew three times running, that will be time for me to quit."

He will be 80 years old next month and he doesn't admit to having seen that empty pew yet. However, he has announced he will retire from his church posts next year.

The bishop's church happens to lie on the Communist side of Berlin. It is the Marienkirche — Church of Mary — one of the city's oldest.

It has about 1,600 seats, but on the first Sunday in every month the congregation swells to about 2,000. Promptly at 11 a.m. a familiar stocky figure mounts the baroque pulpit.

With his piercing eyes, bald head and short gray beard he looks much like East German Communist leader Walter Ulbricht. Neither enjoys the resemblance much.

Dibelius' sermons are studded with anti-Communist barbs that German Communists have kept him out of East Germany proper, where 40 per cent of his flock lives.

The Communists have repeatedly threatened to stop him from going to East Berlin as well.

His opposition to communism comes not only from its attitude toward religion, but from his own deeply conservative background. He was born in 1880, the son of an official in the government of Kaiser Wilhelm I. He was educated, grew up and held his first important posts under the monarchy, and he still feels that it is the only truly legitimate government in Germany.

He also held important church posts under the Weimar Republic and tried at first to get along with the Nazis, too. He soon came into conflict with them and was forced into retirement.

A leader in the World Council of Churches, Dibelius has a deep interest in leveling the differences among Christian denominations.

Seafarer's Haven

MILWAUKEE (AP) —Now that the St. Lawrence Seaway has been opened, a Roman Catholic chaplain has been named for the port of Milwaukee.

The chaplaincy of The Rev. David Ryan will be sponsored by the Apostleship of the Sea, a worldwide Catholic organization established to offer spiritual assistance to sailors away from home.

Pretty as a picture, isn't she? She looks "downright" angelic. Yet, five minutes from now, she may be a little bundle of fury!

Children change faster than the wind. They haven't learned to hide their feelings. But while grown-ups may present a better camouflage to the world, there are few of us without inner conflicts. And these conflicts can be serious.

It would be a lonely world if we had to keep all our problems to ourselves. We don't. God never intended that we should have to solve all our difficulties single-handed. Remember, He established His Church on earth for *us*. In that Church we will find understanding fellowship, and the faith to work out our own destinies.

Take your problems to Church. Pray that you will find a solution to them. Talk them over with your minister. And what seems a maze today may become a straight road tomorrow.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

East German Bishop, 79, Still Lambastes Communists

BERLIN (AP)—One of the bitterest enemies that communism has in this divided city is a man who enjoys the rare privilege once a month of getting up and telling a crowd in the Red sector just what he thinks of the Communist regime.

He is Bishop Otto Dibelius, head of Germany's Evangelical (Lutheran) Church. He once said to a grandson:

"When I stand up to preach and see so much as one empty pew three times running, that will be time for me to quit."

He will be 80 years old next month and he doesn't admit to having seen that empty pew yet. However, he has announced he will retire from his church posts next year.

The bishop's church happens to lie on the Communist side of Berlin. It is the Marienkirche — Church of Mary — one of the city's oldest.

It has about 1,600 seats, but on the first Sunday in every month the congregation swells to about 2,000. Promptly at 11 a.m. a familiar stocky figure mounts the baroque pulpit.

With his piercing eyes, bald head and short gray beard he looks much like East German Communist leader Walter Ulbricht. Neither enjoys the resemblance much.

Dibelius' sermons are studded with anti-Communist barbs that German Communists have kept him out of East Germany proper, where 40 per cent of his flock lives.

The Communists have repeatedly threatened to stop him from going to East Berlin as well.

His opposition to communism comes not only from its attitude toward religion, but from his own deeply conservative background. He was born in 1880, the son of an official in the government of Kaiser Wilhelm I. He was educated, grew up and held his first important posts under the monarchy, and he still feels that it is the only truly legitimate government in Germany.

He also held important church posts under the Weimar Republic and tried at first to get along with the Nazis, too. He soon came into conflict with them and was forced into retirement.

A leader in the World Council of Churches, Dibelius has a deep interest in leveling the differences among Christian denominations.

Seafarer's Haven

PICTURE PRETTY

Pretty as a picture, isn't she? She looks "downright" angelic. Yet, five minutes from now, she may be a little bundle of fury!

Children change faster than the wind. They haven't learned to hide their feelings. But while grown-ups may present a better camouflage to the world, there are few of us without inner conflicts. And these conflicts can be serious.

It would be a lonely world if we had to keep all our problems to ourselves. We don't. God never intended that we should have to solve all our difficulties single-handed. Remember, He established His Church on earth for *us*. In that Church we will find understanding fellowship, and the faith to work out our own destinies.

Take your problems to Church. Pray that you will find a solution to them. Talk them over with your minister. And what seems a maze today may become a straight road tomorrow.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Dear Abby...

By Abigail VanBuren

Stop Sulking — Be a Wife

DEAR ABBY: Should I believe my eyes or not? In the past year I have seen my husband squeeze his mother until she giggles, pinch her from behind and carry her around like a rag doll. They always call each other "Honey". He never treated me like that. When they are together I feel like I am in the way. How can I get over this jealousy? By the way, my father-in-law sleeps in the basement.

JEALOUS

DEAR JEALOUS: Jealousy feeds on self-pity. Stop sulking and feeling sorry for yourself. Join in the fun. You pinch your husband from behind and call him "Honey". If you want affection, you have to give it. And call your father-in-law up from the basement. He's probably sulking, too.

DEAR ABBY: My husband was recently transferred to another city. The wife of his new boss (Mrs. X.) asked me if I would serve as "co-hostess" for a shower she is giving a bride-to-be. I don't know the bride and I hardly know Mrs. X. but my husband said I should accept for business reasons. So I did.

It seems Mrs. X. sent out dime-store invitations to 40 women, RSVP. Ten did not respond, so she called them up and told them if they didn't come and bring a gift—or send one—she would not put their names in the paper as one of "those invited to share the occasion". (Have you heard of anything so ignorant?) I told my husband I wanted no part of this tacky set-up. He insists that I go through with it. I feel like telling her what I think of her. Please advise me.

KNOWS BETTER

DEAR KNOWS: A good wife sometimes must make small sacrifices for her husband, so consider this a "duty" and serve as promised. Now that you know how little you and Mrs. X. have in common, keep a safe distance. Remain friendly without becoming chummy. It takes tact, diplomacy and intelligence to stay on good terms with the wives of hubby's associates, but it can pay big dividends.

DEAR ABBY: If you only knew how the expression "old maid" hurt, you'd never use it again. I was one of those girls who, because of circumstances, couldn't marry earlier. I get so annoyed when I see gay divorcees and widows getting introduced to eligible men. They've had their chance—what's wrong with us girls who have never had a chance?

Do you know how scarce a good man is, Abby? It's gotten to the point where we girls are almost ready to read the obituary columns for news of new widowers. A friend tells you of a decent widower and promises to introduce you after a decent interval. Within three months the widower is already married.

Maybe I should take the advice of my co-worker who thinks I'm so wonderful she can't understand why I'm not married. She says there are so many unhappy married men around, why not hook one? He can get a divorce and marry me. Heaven forbid!

"CAREER GIRL" (please)

CONFIDENTIAL TO SINNER's WIFE: If he goes to Church on Sunday and to the devil the rest of the week, the odds are 6 to 1 against his getting to heaven.

"What's your problem?" For a personal reply, write to Abby in care of this paper and enclose a stamped, self-addressed envelope.

Officers Elected By Mane Circle

Election of officers was held during the business meeting of the Mane Circle, of Williamsport Methodist Church, recently in the home of Mrs. William McOmber.

The officers are, Mrs. Russel Wardell, chairman, Mrs. Katie West, secretary, Mrs. Omer Lemmings, financial chairman.

Mrs. Kirby Huffhunes led devotions and Mrs. Robert Barnes was program leader, using for her topic, "Town and Country."

Several hymns were sung and their author and origin's were discussed.

Officers training day will be May 12, at Mt. Sterling.

Next meeting will be a Mother-Daughter luncheon on May 5.

GOP Governor Urges Nixon To Open Campaign

CLEVELAND, Ohio (AP)—Republican Gov. Wesley Powell of New Hampshire says he believes Vice President Richard M. Nixon should get out and campaign more.

"This election is no shoo-in," said Powell. "Nixon ought to take into consideration that there is a fight on. We have six months before the election. That is none too long for Nixon to visit each of the 50 states, and none of them should be overlooked."

Kentucky Boosts Its Teacher Salary Scale

COLUMBUS, Ohio (AP) — Kentucky may no longer be a happy hunting ground for Ohio school superintendents seeking new teachers, the Ohio Education Assn. says.

A 35 per cent hike in state school funds voted by the Kentucky Legislature will make jobs in Ohio less attractive to Kentucky teachers, with their salaries being increased by as much as $900 next fall. Last year, 17 per cent of all of Ohio's out-of-state teachers were Kentuckians.

Dear Abby...

By Abigail VanBuren

Stop Sulking — Be a Wife

DEAR ABBY: Should I believe my eyes or not? In the past year I have seen my husband squeeze his mother until she giggles, pinch her from behind and carry her around like a rag doll. They always call each other "Honey". He never treated me like that. When they are together I feel like I am in the way. How can I get over this jealousy? By the way, my father-in-law sleeps in the basement.

JEALOUS

DEAR JEALOUS: Jealousy feeds on self-pity. Stop sulking and feeling sorry for yourself. Join in the fun. You pinch your husband from behind and call him "Honey". If you want affection, you have to give it. And call your father-in-law up from the basement. He's probably sulking, too.

DEAR ABBY: My husband was recently transferred to another city. The wife of his new boss (Mrs. X.) asked me if I would serve as "co-hostess" for a shower she is giving a bride-to-be. I don't know the bride and I hardly know Mrs. X. but my husband said I should accept for business reasons. So I did.

It seems Mrs. X. sent out dime-store invitations to 40 women, RSVP. Ten did not respond, so she called them up and told them if they didn't come and bring a gift—or send one—she would not put their names in the paper as one of "those invited to share the occasion". (Have you heard of anything so ignorant?) I told my husband I wanted no part of this tacky set-up. He insists that I go through with it. I feel like telling her what I think of her. Please advise me.

KNOWS BETTER

DEAR KNOWS: A good wife sometimes must make small sacrifices for her husband, so consider this a "duty" and serve as promised. Now that you know how little you and Mrs. X. have in common, keep a safe distance. Remain friendly without becoming chummy. It takes tact, diplomacy and intelligence to stay on good terms with the wives of hubby's associates, but it can pay big dividends.

DEAR ABBY: If you only knew how the expression "old maid" hurt, you'd never use it again. I was one of those girls who, because of circumstances, couldn't marry earlier. I get so annoyed when I see gay divorcees and widows getting introduced to eligible men. They've had their chance—what's wrong with us girls who have never had a chance?

Do you know how scarce a good man is, Abby? It's gotten to the point where we girls are almost ready to read the obituary columns for news of new widowers. A friend tells you of a decent widower and promises to introduce you after a decent interval. Within three months the widower is already married.

Maybe I should take the advice of my co-worker who thinks I'm so wonderful she can't understand why I'm not married. She says there are so many unhappy married men around, why not hook one? He can get a divorce and marry me. Heaven forbid!

"CAREER GIRL" (please)

CONFIDENTIAL TO SINNER's WIFE: If he goes to Church on Sunday and to the devil the rest of the week, the odds are 6 to 1 against his getting to heaven.

"What's your problem?" For a personal reply, write to Abby in care of this paper and enclose a stamped, self-addressed envelope.

Next meeting will be a Mother-Daughter luncheon on May 5.

GOP Governor Urges Nixon To Open Campaign

CLEVELAND, Ohio (AP)—Republican Gov. Wesley Powell of New Hampshire says he believes Vice President Richard M. Nixon should get out and campaign more.

"This election is no shoo-in," said Powell. "Nixon ought to take into consideration that there is a fight on. We have six months before the election. That is none too long for Nixon to visit each of the 50 states, and none of them should be overlooked."

Kentucky Boosts Its Teacher Salary Scale

COLUMBUS, Ohio (AP) — Kentucky may no longer be a happy hunting ground for Ohio school superintendents seeking new teachers, the Ohio Education Assn. says.

A 35 per cent hike in state school funds voted by the Kentucky Legislature will make jobs in Ohio less attractive to Kentucky teachers, with their salaries being increased by as much as $900 next fall. Last year, 17 per cent of all of Ohio's out-of-state teachers were Kentuckians.

Tigers Outlast Greenfield, 14-13

Circleville outlasted Greenfield in a wild - scoring 14-13 baseball contest here yesterday.

Both teams pounded the ball with relentless fury and scored regularly. Circleville's ability to choke a Greenfield rally in the last inning brought the victory.

Danny Leonhardt of the Tigers hurled 6 2-3 innings to chalk his first win of the season. Sam Weller came on in the sixth to preserve the decision.

Extra base hits were numerous. Leonhardt aided his own cause with a long triple and Dick Craft of Greenfield parked a three-bagger. Harry Strawser of CHS shot a long double into center with the bases loaded to give the Tigers a needed lift in the fourth.

* * *

IN THE fifth frame Leonhardt again provided a punch by rifling a bases - loaded double into left center to bring three runs home. Earlier Bailey had chased two runs home with a two - bagger. Jim Wiseman and Pete Coleman smacked two - baggers for Greenfield.

Action reached a high pitch in the seventh when Greenfield loaded the bases with none down. Weller rose to the occasion by forcing a runner at home and enticing two batters to pop out.

Leonhardt hurled commendable ball, fanning nine and walking three in addition to his solid performance at the plate.

Greenfield used three pitchers. Gino Garrison started and was relieved in the fourth by Gary Grim who eventually was charged with the loss. Coleman relieved in the fifth.

Greenfield took a 3-0 lead in the first when Craft unloaded his long triple with two on. Circleville came back for two in the bottom of the first when Bailey was hit by the pitcher, Strawser walked and Leonhardt and Ellis reached first on errors.

Circleville went ahead in the second, 5-3, on the strength of Bailey's double which scored Jim Wellington and Dave Smith behind Jim Tootle who had reached first earlier on an error.

* * *

GREENFIELD roared back with four in the third on singles by Bill Harewood and Roger Grooms and two Circleville errors. CHS picked up a single tally in this frame on Leonhardt's triple and a fielders choice by Tootle.

Circleville then proceeded to ice the game with four runs in each of the fourth and fifth stanzas. The fourth started with successive singles by Wellington, Smith and Bailey. Strawser climaxed the drive with his base-clearing double.

In the fifth Steve Helwagen and Wellington poked singles and Strawser was intentionally walked. Leonhardt then foiled Greenfield strategy by sending a long shot double into left center.

Greenfield's counterattack in the sixth produced four runs, all scored after two were out. Craft, Grim, Norcross and Day all smacked singles to go along with Harewood's walk.

The final frame saw Greenfield go scoreless, with Weller turning on the steam after Coleman doubled, Wiseman singled and Harewood walked.

Circleville now owns a 3-2 mark overall and 2-1 in SCO league play. Next action is slated Tuesday at Pleasant View.

Red Pitching Still Lousy As Phils Win

PHILADELPHIA (AP) — The Cincinnati Reds' pitching doesn't look much better than last year, and its hitting is still erratic. But you can't find fault with a slender guy named Roy McMillan on either issue.

At shortstop, he would seem to have little to do with improving the pitching. And at 165 pounds, he doesn't fit the usual lines of a slugger.

But he helps both ways.

For example, look at the home run he hit Friday night, although Philadelphia beat the Reds, 10-7. It's his fourth homer this year.

Philadelphia's Robin Roberts was not effective Friday night, but the Reds' tried six pitchers with even less success.

Cincinnati led only once, in the first inning. Frank Robinson's homer after Vada Pinson's single put the Reds in front until the Phils went to bat. They punched out four runs and a lead that was menaced only once thereafter.

In the third inning, Joe Nuxhall doubled and, after McMillan singled, scored on Pinson's sacrifice fly. But the Phils netted three runs in their half of the third to put out of danger.

The Rhinelanders collected 16 hits, but didn't capitalize on them. Eddie Kasko also homered, Robinson and Pinson tripled and catcher Ed Bailey chipped in with two doubles and Tony Gonzalez one.

Jay Hook, the starting pitcher, took the loss. Roberts, although he gave up 10 hits and five runs in 5 1-3 innings, collected the victory.

Well-rested Cal McLish starts on the mound today for the Reds, opposing John Buzhardt.

Ashville Sports Banquet Slated

The annual Ashville Sport's Banquet will be at 6:30 p. m. Monday in the Ashville High School auditorium.

The banquet is sponsored by the Ashville Community Club. The ham dinner will be served by the ladies of the Ashville Methodist Church.

All men of the community are invited to attend. Tickets may be purchased at Morrison's Grocery, Fortner's Garage or Bastian's Coffee Shop.

A trophy will be presented the Most outstanding senior athlete at Ashville High School.

Bucks Wind Up 2nd Week of Drill

COLUMBUS, Ohio (AP)—Ohio State's gridders wind up another week of spring drills today with a session scheduled for 1:30 p.m.

Friday the Buckeyes practiced 2½ hours, concentrating on defensive plays. It was the first time this year the offensive squads have been put into defensive play. Coach Woody Hayes said he was pleased with the session.

Chuck Bryant of Zanesville, outstanding sophomore on the 1959 team, suffered a shoulder separation Friday. Trainer Ernie Biggs said the injury was a bad one. Bryant will be out of the remaining spring drills.

Little League Hires Benhase

CHS Gridiron Coach Named LL Director

The Circleville Little League today employed Carl K. Benhase, Route 3, as Director of the 1960 Little League Baseball Program.

The 30-year-old Miami University graduate will be in complete charge of the program at both Ted Lewis Park and the Southend Playground.

His duties will include obtaining and assigning all official umpires; re - scheduling postponed games; preparing ball diamonds for play; have charge of all game equipment, and carry out other duties upon instruction from LL President Michael R. Harrison and the LL Board of Directors.

Benhase was hired, after examination of several applications for the post, for his organizational ability shown as head football coach at Circleville High School.

* * *

BENHASE'S duties start today when he meets with all minors, majors and pony league managers to ascertain needed equipment for the coming season, which is expected to be the best on record.

Because of the increased interest last year, LL officials have added two additional minor league teams — Circleville Rotary and Blue Ribbon Dairy.

It is hoped the 10-team minors will have a minimum of 15 to 18 boys on a squad so each and every child will have a chance to play in all games.

The four-team major league must remain the same size for the league's first year in Little League, Inc., the national youth organization.

If accepted, the local league still is awaiting approval of its application, the league will be on one year's probation.

The Pony League may be increased to four teams if enough interest is shown.

All managers and persons interested in becoming managers are urged to be on hand at today's 4 p. m. meeting in the Ted Lewis Park shelter house.

WCH Squad Tops Ashville In Track Meet

Class "A" Ashville was no match for Class "AA" Washington C. H. Wednesday as the host Blue Lions rolled to an 89-28 track meet win.

Washington's Crosswhite and Striblin were meet double winners but trailed Ashville's Robert Hoover in point leadership. Hoover led the field with 13.

The senior all-round athlete registered wins in the 180-yard low hurdles in :22.9 and high jump with a pace setting leap of 5' 4¾". He was second to Flee in the 120-yard high hurdles, which was won in :16.4.

Dale Fout garnered the other Ashville first in the 100-yard dash in :10.8. The Broncos half-mile relay team was nosed out by the Blue Lions, which won in 1:39.8. Ashville came in a close second in 1:40.6 for the best of the spring.

* * *

WASHINGTON'S Sommers set a new school record in the pole vault with a soaring rise of 11' 4". Bill Cromley contributed seven points with his steady performances.

He was third in the 800-yard run in 2:23 to trail the winner, Crosswhite, with a time of 2:17. Cromley leaped 18' 7½" in the broad jump to place second behind winner, Pavey, who jumped 18' 9½".

Cromley was second in the discus with a heave of 103' 5", his best of the season. Striblin won with a 105' 10" toss.

Dan Thornton, former governor of Colorado, has shot two holes-in-one on Cherry Hills Country Club in Denver.

In six American League seasons Detroit's Frank Lary has compiled a 21-6 record against the Yankees.

Saltcreek Gains Track Meet Victory

Saltcreek was a poor host yesterday as it won its own quadrangular track meet with a total of 46 2-3 points.

In second place was Williamsport with 35 markers. Kingston came in third with 28 1-3 and Scioto ranked fourth with 20 points. The meet was held at Pickaway.

Roger "Bucky" Clarke had another perfect afternoon as he won the four events he entered. The stocky sophomore nabbed firsts in the 100-yard dash; 180-yard low hurdles in :23.3; the 220-yard dash in :25, and broad jump with a leap of 18' 7½".

The Reeser brothers of Williamsport dominated the mile and 440-yard dash. Sam Reeser raced to a mile first in 5:04 and brother Bob captured the 440 in :57.9.

Saltcreek's next meet will be Monday at the Boys Industrial School, Lancaster.

Bob Friend Regains Form, Hurls Second Pirate Win

By THE ASSOCIATED PRESS

This definitely is a new season for Bob Friend, the Pittsburgh Pirates' right-handed ace who wasn't last year.

He put away his second straight complete game victory Friday night as the Pirates beat the Milwaukee Braves 6-2 and jumped into second place in the National League race.

A year ago Friend lost his first seven and didn't win one until his 11th start. He didn't manage two complete-game victories in a row until his 29th start.

It was the third straight victory and fifth in six games for the Bucs, moving them within a half-game of front-running San Francisco. The Giants took a 10-8 win at Chicago while the St. Louis Cardinals dropped Los Angeles out of a share of first to third place by beating the Dodgers 11-7. Philadelphia whipped Cincinnati 10-7.

Friend, who shut out Cincinnati on four hits Sunday, has allowed only one scoring inning in his last 18. The Braves ended his scoreless string at 11 innings when Billy Bruton tripled, and scored on an infield out, and Hank Aaron followed with his third home run for a 2-2 tie in the third.

The Bucs, who chased Juan Pizarro with two runs in the first, then cracked the tie and hung the defeat on reliever Joey Jay (0-1) in the third when he hit Don Hoak with a pitch and Hal Smith followed with a triple. Pittsburgh scored three more in the fourth, all with two out, on Bob Clemente's two-run homer and Smith's double.

San Francisco walloped five home runs against the Cubs, but it was Willie Mays' double in a two-run eighth that clinched it for the Giants. Jim Davenport walloped two homers for the Giants. Willie McCovey, ex-Cub Dale Long, who got off a three-run shot as a pinch-hitter, and Ed Bressoud hit the others.

Sam Jones gave up a pair of Cub homers, by Frank Thomas and George Altman. Billy Loes (2-0) won it in relief with a save by Johnny Antonelli. Don Elston (1-2) lost it.

The Cards scored five in the first, three on Stan Musial's double, against loser Sandy Koufax (0-1). But it was Daryl Spencer's two-run double off reliever Roger Craig in the fourth that won it. Spencer also homered for the Cards, who had 15 hits and nine walks. John Roseboro, Gil Hodges and Wally Moon hit home runs among the Dodgers' 14 hits. Marshall Bridges won it in relief, but needed Lindy McDaniel's help in the eighth.

Rob Roberts needed Ruben Gomez' relief after giving up home runs by Frank Robinson and Eddie Kasko, but won his first for the Phils. Jim Coker's two - run triple in the fifth put it away. Roy McMillan also homered for the Reds. It was his fourth — tops in the majors.

Not one of the pitching "Big Four"—Frank Lary, Jim Bunning, Don Mossi or Paul Foytack—has been a winner, but home runs and singles have made Detroit a bunch of Tigers on a tear in the American League race.

Bunning, the no-hit right-hander who shared the Detroit lead with Lary and Mossi with 17 victories last season, missed in his first start Friday, but the Tigers plunked Chicago out of a share of first by handing the White Sox their first loss 6-5. A two-out single by Lou Berberet in the ninth gave the unbeaten Tigers their third success, all on last-inning runs, after earlier homers by Rocky Colavito, Eddie Yost and Steve Bilko.

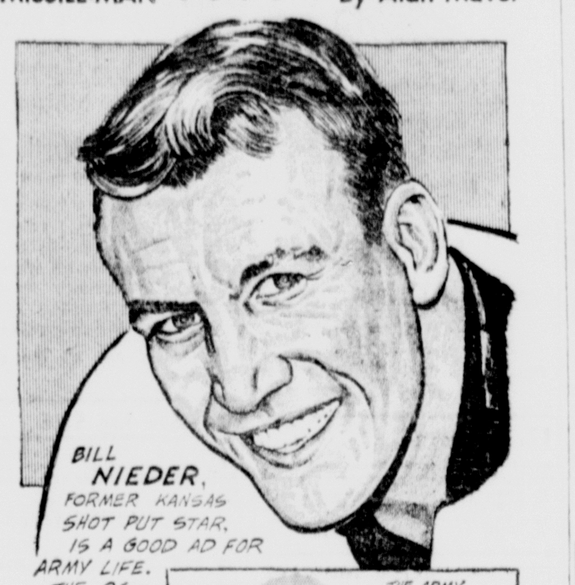

The New York Yankees moved past Ghicago into second place, beating Baltimore 5-0 as winner Whitey Ford and Ralph Terry combined for an eight-hitter. Kansas City won its first, sending winless Cleveland to a third defeat 4-1. And Boston, down 3-0, defeated the Washington Senators 5-4 in 11 innings on Vic Wertz' home run.

A pair of relief pitchers, Pete Burnside and Tom Morgan, have picked up Detroit's victories behind starts by Lary, Mossi and Bunning. Morgan won his second with one perfect inning against the White Sox. Bob Shaw, battered in his first start Thursday, was the loser in relief for Chicago, giving up two hits and five walks in 1 2-3 innings.

Ford, now 5-0 in home-opener assignments, singled home the first Yankee run off loser Hoyt Wilhelm in the third. Ford gave up seven hits in seven innings and gave way to Terry, who finished up.

Right-hander Ray Herbert of the A's gave up nine hits while beating the Indians. Norm Siebern and Bob Cerv hit consecutive second-inning home runs off losing rookie Wynn Hawkins, and Cerv tripled home another in a two-run third.

Harness Racing Makes Debut Here with Sunday's Matinee

A decent break from the weatherman is all that is needed for a successful Harness Matinee at the County Fairgrounds track tomorrow.

Horses, drivers, officials and fans appear to be ready for the big day. Post time is 1:30 p. m.

Heading the show is the Pickaway County Agriculture Society, with Bill Cook and Wayne Martin directing activity. Proceeds will be devoted to erection of a new chain-link fence in front of the grandstand.

Many local horses will be on hand for tomorrow's classic. Additional competition will come from stock outside the county.

Rugged Bouts Featured in Mat Card Here

Some rough action marked the professional wrestling card at the Fairgrounds Coliseum last night.

Bedlam emerged in the Ohio State Championship match between defending titlist Leon Graham and contender Juan Sebastian. The tempo increased when a rope around the ring broke and Sebastian attempted to use it as a weapon to choke Graham.

Graham was awarded the fall because of Sebastian's roughhouse tactics. The champ came back a few minutes later to take another fall and retain his state crown.

A special feature was a battle between two ladies, Mary Reynolds and Lola LaRay. Both battled with the ferocity of male grapplers.

In the second match of the evening, Buddy Austin took Tony Baillargeon two out of three falls.

Tigers Outlast Greenfield, 14-13

Circleville outlasted Greenfield in a wild - scoring 14-13 baseball contest here yesterday.

Both teams pounded the ball with relentless fury and scored regularly. Circleville's ability to choke a Greenfield rally in the last inning brought the victory.

Danny Leonhardt of the Tigers hurled 6 2-3 innings to chalk his first win of the season. Sam Weller came on in the sixth to preserve the decision.

Extra base hits were numerous. Leonhardt aided his own cause with a long triple and Dick Craft of Greenfield parked a three-bagger. Harry Strawser of CHS shot a long double into center with the bases loaded to give the Tigers a needed lift in the fourth.

* * *

IN THE fifth frame Leonhardt again provided a punch by rifling a bases - loaded double into left center to bring three runs home. Earlier Bailey had chased two runs home with a two - bagger. Jim Wiseman and Pete Coleman smacked two - baggers for Greenfield.

Action reached a high pitch in the seventh when Greenfield loaded the bases with none down. Weller rose to the occasion by forcing a runner at home and enticing two batters to pop out.

Leonhardt hurled commendable ball, fanning nine and walking three in addition to his solid performance at the plate.

Greenfield used three pitchers. Gino Garrison started and was relieved in the fourth by Gary Grim who eventually was charged with the loss. Coleman relieved in the fifth.

Greenfield took a 3-0 lead in the first when Craft unloaded his long triple with two on. Circleville came back for two in the bottom of the first when Bailey was hit by the pitcher, Strawser walked and Leonhardt and Ellis reached first on errors.

Circleville went ahead in the second, 5-3, on the strength of Bailey's double which scored Jim Wellington and Dave Smith behind Jim Tootle who had reached first earlier on an error.

* * *

GREENFIELD roared back with four in the third on singles by Bill Harewood and Roger Grooms and two Circleville errors. CHS picked up a single tally in this frame on Leonhardt's triple and a fielders choice by Tootle.

Circleville then proceeded to ice the game with four runs in each of the fourth and fifth stanzas. The fourth started with successive singles by Wellington, Smith and Bailey. Strawser climaxed the drive with his base-clearing double.

In the fifth Steve Helwagen and Wellington poked singles and Strawser was intentionally walked. Leonhardt then foiled Greenfield strategy by sending a long shot double into left center.

Greenfield's counterattack in the sixth produced four runs, all scored after two were out. Craft, Grim, Norcross and Day all smacked singles to go along with Harewood's walk.

The final frame saw Greenfield go scoreless, with Weller turning on the steam after Coleman doubled, Wiseman singled and Harewood walked.

Circleville now owns a 3-2 mark overall and 2-1 in SCO league play. Next action is slated Tuesday at Pleasant View.

Red Pitching Still Lousy As Phils Win

PHILADELPHIA (AP) — The Cincinnati Reds' pitching doesn't look much better than last year, and its hitting is still erratic. But you can't find fault with a slender guy named Roy McMillan on either issue.

At shortstop, he would seem to have little to do with improving the pitching. And at 165 pounds, he doesn't fit the usual lines of a slugger.

But he helps both ways.

For example, look at the home run he hit Friday night, although Philadelphia beat the Reds, 10-7. It's his fourth homer this year.

Philadelphia's Robin Roberts was not effective Friday night, but the Reds' tried six pitchers with even less success.

Cincinnati led only once, in the first inning. Frank Robinson's homer after Vada Pinson's single put the Reds in front until the Phils went to bat. They punched out four runs and a lead that was menaced only once thereafter.

In the third inning, Joe Nuxhall doubled and, after McMillan singled, scored on Pinson's sacrifice fly. But the Phils netted three runs in their half of the third to put out of danger.

The Rhinelanders collected 16 hits, but didn't capitalize on them. Eddie Kasko also homered, Robinson and Pinson tripled and catcher Ed Bailey chipped in with two doubles and Tony Gonzalez one.

Jay Hook, the starting pitcher, took the loss. Roberts, although he gave up 10 hits and five runs in 5 1-3 innings, collected the victory.

Well-rested Cal McLish starts on the mound today for the Reds, opposing John Buzhardt.

Ashville Sports Banquet Slated

The annual Ashville Sport's Banquet will be at 6:30 p. m. Monday in the Ashville High School auditorium.

The banquet is sponsored by the Ashville Community Club. The ham dinner will be served by the ladies of the Ashville Methodist Church.

All men of the community are invited to attend. Tickets may be purchased at Morrison's Grocery, Fortner's Garage or Bastian's Coffee Shop.

A trophy will be presented the Most outstanding senior athlete at Ashville High School.

Bucks Wind Up 2nd Week of Drill

COLUMBUS, Ohio (AP)—Ohio State's gridders wind up another week of spring drills today with a session scheduled for 1:30 p.m.

Friday the Buckeyes practiced 2½ hours, concentrating on defensive plays. It was the first time this year the offensive squads have been put into defensive play, Coach Woody Hayes said he was pleased with the session.

Chuck Bryant of Zanesville, outstanding sophomore on the 1959 team, suffered a shoulder separation Friday. Trainer Ernie Biggs said the injury was a bad one. Bryant will be out of the remaining spring drills.

Little League Hires Benhase

CHS Gridiron Coach Named LL Director

The Circleville Little League today employed Carl K. Benhase, Route 3, as Director of the 1960 Little League Baseball Program.

The 30-year-old Miami University graduate will be in complete charge of the program at both Ted Lewis Park and the Southend Playground.

His duties will include obtaining and assigning all official umpires; re - scheduling postponed games; preparing ball diamonds for play; have charge of all game equipment, and carry out other duties upon instruction from LL President Michael R. Harrison and the LL Board of Directors.

Benhase was hired, after examination of several applications for the post, for his organizational ability shown as head football coach at Circleville High School.

* * *

BENHASE'S duties start today when he meets with all minors, majors and pony league managers to ascertain needed equipment for the coming season, which is expected to be the best on record.

Because of the increased interest last year, LL officials have added two additional minor league teams — Circleville Rotary and Blue Ribbon Dairy.

It is hoped the 10-team minors will have a minimum of 15 to 18 boys on a squad so each and every child will have a chance to play in all games.

The four-team major league must remain the same size for the league's first year in Little League, Inc., the national youth organization.

If accepted, the local league still is awaiting approval of its application, the league will be on one year's probation.

The Pony League may be increased to four teams if enough interest is shown.

All managers and persons interested in becoming managers are urged to be on hand at today's 4 p. m. meeting in the Ted Lewis Park shelter house.

WCH Squad Tops Ashville In Track Meet

Class "A" Ashville was no match for Class "AA" Washington C. H. Wednesday as the host Blue Lions rolled to an 89-28 track meet win.

Washington's Crosswhite and Striblin were meet double winners but trailed Ashville's Robert Hoover in point leadership. Hoover led the field with 13.

The senior all-round athlete registered wins in the 180-yard low hurdles in :22.9 and high jump with a pace setting leap of 5' 4¾". He was second to Flee in the 120-yard high hurdles, which was won in :16.4.

Dale Fout garnered the other Ashville first in the 100-yard dash in :10.8. The Broncos half-mile relay team was nosed out by the Blue Lions, which won in 1:39.8. Ashville came in a close second in 1:40.6 for the best of the spring.

* * *

WASHINGTON'S Sommers set a new school record in the pole vault with a soaring rise of 11' 4". Bill Cromley contributed seven points with his steady performances.

He was third in the 880-yard run in 2:23 to trail the winner, Crosswhite, with a time of 2:17. Cromley leaped 18' 7½" in the broad jump to place second behind winner, Pavey, who jumped 18' 9½".

Cromley was second in the discus with a heave of 103' 5", his best of the season. Striblin won with a 105' 10" toss.

Saltcreek Gains Track Meet Victory

Saltcreek was a poor host yesterday as it won its own quadrangular track meet with a total of 46 2-3 points.

In second place was Williamsport with 35 markers. Kingston came in third with 28 1-3 and Scioto ranked fourth with 20 points. The meet was held at Pickaway.

Roger "Bucky" Clarke had another perfect afternoon as he won the four events he entered. The stocky sophomore nabbed firsts in the 100-yard dash; 180-yard low hurdles in :23.3; the 220-yard dash in :25, and broad jump with a leap of 18' 7½".

The Reeser brothers of Williamsport dominated the mile and 440-yard dash. Sam Reeser raced to a mile first in 5:04 and brother Bob captured the 440 in :57.9.

Saltcreek's next meet will be Monday at the Boys Industrial School, Lancaster.

Bob Friend Regains Form, Hurls Second Pirate Win

By THE ASSOCIATED PRESS

This definitely is a new season for Bob Friend, the Pittsburgh Pirates' right-handed ace who wasn't last year.

He put away his second straight complete game victory Friday night as the Pirates beat the Milwaukee Braves 6-2 and jumped into second place in the National League race.

A year ago Friend lost his first seven and didn't win one until his 11th start. He didn't manage two complete-game victories in a row until his 29th start.

It was the third straight victory and fifth in six games for the Bucs, moving them within a half game of front-running San Francisco. The Giants took a 10-8 win at Chicago while the St. Louis Cardinals dropped Los Angeles out of a share of first to third place by beating the Dodgers 11-7. Philadelphia whipped Cincinnati 10-7.

Friend, who shut out Cincinnati on four hits Sunday, has allowed only one scoring inning in his last 18. The Braves ended his scoreless string at 11 innings when Billy Bruton tripled, and scored on an infield out, and Hank Aaron followed with his third home run for a 2-2 tie in the third.

The Bucs, who chased Juan Pizarro with two runs in the first, then cracked the tie and hung the defeat on reliever Joey Jay (0-1) in the third when he hit Don Hoak with a pitch and Hal Smith followed with a triple. Pittsburgh scored three more in the fourth, all with two out, on Bob Clemente's two-run homer and Smith's double.

San Francisco walloped five home runs against the Cubs, but it was Willie Mays' double in a two-run eighth that clinched it for the Giants. Jim Davenport walloped two homers for the Giants. Willie McCovey, ex-Cub Dale Long, who got off a three-run shot as a pinch-hitter, and Ed Bressoud hit the others.

Sam Jones gave up a pair of Cub homers, by Frank Thomas and George Altman. Billy Loes (2-0) won it in relief with a save by Johnny Antonelli. Don Elston (1-2) lost it.

The Cards scored five in the first, three on Stan Musial's double, against loser Sandy Koufax (0-1). But it was Daryl Spencer's two-run double off reliever Roger Craig in the fourth that won it. Spencer also homered for the Cards, who had 15 hits and nine walks. John Roseboro, Gil Hodges and Wally Moon hit home runs among the Dodgers' 14 hits. Marshall Bridges won it in relief, but needed Lindy McDaniel's help in the eighth.

Rob Roberts needed Ruben Gomez' relief after giving up home runs by Frank Robinson and Eddie Kasko, but won his first for the Phils. Jim Coker's two - run triple in the fifth put it away. Roy McMillan also homered for the Reds. It was his fourth — tops in the majors.

Not one of the pitching "Big Four"—Frank Lary, Jim Bunning, Don Mossi or Paul Foytack —has been a winner, but home runs and singles have made Detroit a bunch of Tigers on a tear in the American League race.

Bunning, the no-hit right-hander who shared the Detroit lead with Lary and Mossi with 17 victories last season, missed in his first start Friday, but the Tigers plunked Chicago out of a share of first by handing the White Sox their first loss 6-5. A two-out single by Lou Berberet in the ninth gave the unbeaten Tigers their third success, all on last-inning runs, after earlier homers by Rocky Colavito, Eddie Yost and Steve Bilko.

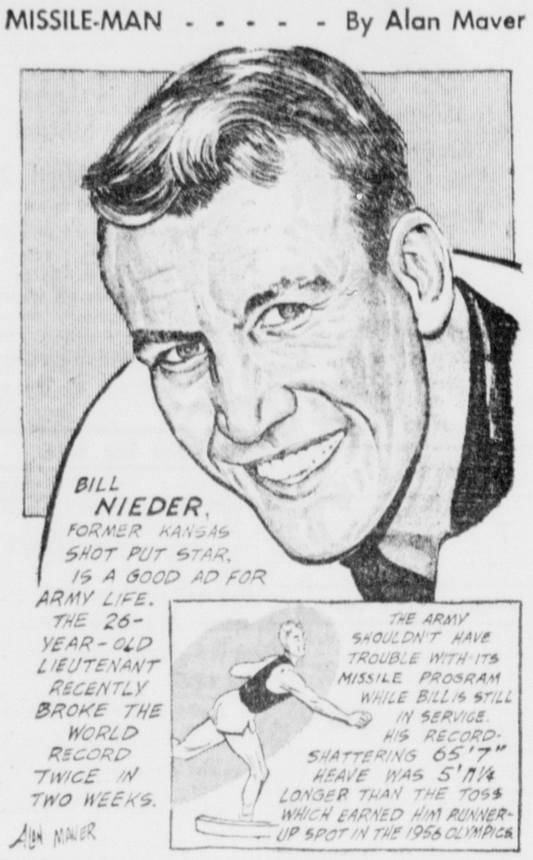

The New York Yankees moved past Chicago into second place, beating Baltimore 5-0 as winner Whitey Ford and Ralph Terry combined for an eight-hitter. Kansas City won its first, sending winless Cleveland to a third defeat 4-1. And Boston, down 3-0, defeated the Washington Senators 5-4 in 11 innings on Vic Wertz' home run.

A pair of relief pitchers, Pete Burnside and Tom Morgan, have picked up Detroit's victories behind starts by Lary, Mossi and Bunning. Morgan won his second with one perfect inning against the White Sox. Bob Shaw, battered in his first start Thursday, was the loser in relief for Chicago, giving up two hits and five walks in 1 2-3 innings.

Ford, now 5-0 in home-opener assignments, singled home the first Yankee run off loser Hoyt Wilhelm in the third. Ford gave up seven hits in seven innings and gave way to Terry, who finished up.

Right-hander Ray Herbert of the A's gave up nine hits while beating the Indians. Norm Siebern and Bob Cerv hit consecutive second-inning home runs off losing rookie Wynn Hawkins, and Cerv tripled home another in a two-run third.

New Search Planned for Missing Gls

FRANKFURT, Germany (AP)—"I pray to God that we will find them this time," said an Army captain as he prepared to lead a search beginning Sunday for four missing bodies from the crash of a World War II American bomber.

The B24 Liberator, "Lady Be Good," disappeared while returning from an attack on Naples, Italy, April 4, 1943. The plane and later the bodies of five of the nine crewmen were found last year in the North African desert.

Still missing are Lt. John S. Woravka of Cleveland, Ohio, S. Sgt. Vernon L. Moore of New Boston, Ohio, S. Sgt. Guy S. Shelley of New Cumberland, Pa., and T. Sgt. Harold S. Ripslinger, of Saginaw, Mich.

The plane had made an unmanned belly landing in Libya some 500 miles from the Mediterranean coast. The craft was virtually undamaged. A diary found with the five bodies detailed events following the fateful bailout from the plane and subsequent eight-day trek to death.

The diary related that Lt. Woravka had failed to join the main group after bailout. Moore, Shelley and Ripslinger set out to find him. The four men never were seen again.

Capt. Myron C. Fuller, of Placerville, Calif., a member of the Army Mortuary Service, will lead the 17-man search party.

DIVORCE NOTICE

Patsy Ruth Thacker, whose place of residence is 1946 Poq. Avenue, Poquonock, Connecticut, will take notice that on the 22nd day of April, 1960, Donald Lee Thacker filed his Cross Petition against Patsy Ruth Thacker in the Common Pleas Court of Pickaway County, Ohio, Case No. 22766 praying for a divorce on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after the 18th day of June, 1960.

Donald Lee Thacker
By Richard W. Penn, Attorney
Apr. 23, 30, May 7, 14, 21, 28.

LEGAL NOTICE

Sealed bids will be received by the County of Pickaway, Ohio, until twelve o'clock noon on May 9, 1960, for furnishing the necessary labor and materials for the construction of the sewerage improvements for Knollwood Village Subdivision, Washington Township, Pickaway County, all as set forth in plans and specifications therefor now on file in tre office of the Board of County Commissioners and in the office of file in the office of the Board of Counnamed. At the time hereinbefore mentioned and at the Court House, Circleville, Ohio said bids will be publicly opened and read.

All proposals should be sealed and endorsed for "Sewerage Improvements", and addressed to the Board of County Commissioners, Pickaway County, Circleville, Ohio, or delivered by mail to said Board of Commissioners. Said proposals to be on proposal blanks furnished upon request.

The work for which proposals are invited consists of furnishing all the labor, materials, equipment, supplies and incidentals and the construction of a Chicago Pump Company 20,000 gal. per day Unit No. SL-103 Sewage Disposal Plant approximately 5908 linear feet of 8 inch Vitrafied Sewer Pipe — 43 — 6 inch house taps — 24 manholes — repaving and appurtenant work all as shown on the plans and specifications.

The work covered by said plans and specifications can be seen at the Court House, Circleville, Ohio, or at the office of Elmer S. Barrett Associates, Consulting Engineers, 230 South Paint Street, Chillicothe, Ohio, or may be obtained together with bidding blanks at the latter office upon payment of $10.00 none of which will be refunded.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond with an approved surety company in the sum of 10 per cent of the amount of the bid or a certified check on some solvent bank, drawn and made payable to the Board of Pickaway County Commissioners as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected such bond or check will be returned to the bidder and should any bid be accepted such bond or check will be returned upon the proper execution and securing of the contract.

The successful bidder will be required to execute the contract within 10 days after the award of the work to him, and shall furnish bond to the satisfaction of the County for the faithful performance of said contract in the sum of 100 per cent of the total amount of his bid. In case of failure to execute the contract as stated or to furnish bond, the bidder will be considered to have abandoned the contract and the bond or check accompanying the proposal shall be forfeited to the County not as penalty, but as liquidated damages.

The County reserves the right to reject any and all bids, or to increase or decrease or omit any item or items and to award to the lowest and best bidder.

The work must be commenced within 10 days after execution of the contract and completed with 100 calendar days after the date of the award.

By order of the Board of County Commissioners, of the County of Pickaway, State of Ohio.

Dated this 4-21-60.

New Search Planned for Missing GIs

FRANKFURT, Germany (AP)—"I pray to God that we will find them this time," said an Army captain as he prepared to lead a search beginning Sunday for four missing bodies from the crash of a World War II American bomber.

The B24 Liberator, "Lady Be Good," disappeared while returning from an attack on Naples, Italy, April 4, 1943. The plane and later the bodies of five of the nine crewmen were found last year in the North African desert.

Still missing are Lt. John S. Woravka of Cleveland, Ohio, S. Sgt. Vernon L. Moore of New Boston, Ohio, S. Sgt. Guy S. Shelley of New Cumberland, Pa., and T. Sgt. Harold S. Ripslinger, of Saginaw, Mich.

The plane had made an unmanned belly landing in Libya some 500 miles from the Mediterranean coast. The craft was virtually undamaged. A diary found with the five bodies detailed events following the fateful bailout from the plane and subsequent eight-day trek to death.

The diary related that Lt. Woravka had failed to join the main group after bailout. Moore, Shelley and Ripslinger set out to find him. The four men never were seen again.

Capt. Myron C. Fuller, of Placerville, Calif., a member of the Army Mortuary Service, will lead the 17-man search party.

DIVORCE NOTICE

Patsy Ruth Thacker, whose place of residence is 1946 Poq. Avenue, Pequonock, Connecticut, will take notice that on the 22nd day of April, 1960, Donald Lee Thacker filed his Cross Petition against Patsy Ruth Thacker in the Common Pleas Court of Pickaway County, Ohio, Case No. 22766 praying for a divorce on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after the 18th day of June, 1960.
Donald Lee Thacker
By Richard W. Penn, Attorney
Apr. 23, 30, May 7, 14, 21, 28.

LEGAL NOTICE

Sealed bids will be received by the County of Pickaway, Ohio, until twelve o'clock noon on May 9, 1960, for furnishing the necessary labor and materials for the construction of the sewerage improvements for Knollwood Village Subdivision, Washington Township, Pickaway County, all as set forth in plans and specifications therefor now on file in the office of the Board of County Commissioners and in the office of file in the office of the Board of County named. At the time hereinbefore mentioned and at the Court House, Circleville, Ohio said bids will be publicly opened and read.

All proposals should be sealed and endorsed for "Sewerage Improvements", and addressed to the Board of County Commissioners, Pickaway County, Circleville, Ohio, or delivered by mail to said Board of Commissioners. Said proposals to be on proposal blanks furnished upon request.

The work for which proposals are invited consists of furnishing all the labor, materials, equipment, supplies and incidentals and the construction of a Chicago Pump Company 20,000 gal. per day Unit No. SL-103 Sewage Disposal Plant approximately 5908 linear feet of 8 inch Vitrafied Sewer Pipe — 43 — 6 inch house taps — 24 manholes — repaving and appurtenant work all as shown on the plans and specifications.

The work covered by said plans and specifications can be seen at the Court House, Circleville, Ohio, or at the office of Elmer S. Barrett Associates, Consulting Engineers, 259 South Paint Street, Chillicothe, Ohio, or may be obtained together with bidding blanks at the latter office upon payment of $10.00 none of which will be refunded.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond with an approved surety company in the sum of 10 per cent of the amount of the bid or a certified check on some solvent bank, drawn and made payable to the Board of Pickaway County Commissioners as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected such bond or check will be returned to the bidder and should any bid be accepted such bond or check will be returned upon the proper execution and securing of the contract.

The successful bidder will be required to execute the contract within 10 days after the award of the work to him, and shall furnish bond to the satisfaction of the County for the faithful performance of said contract in the sum of 100 per cent of the total amount of his bid. In case of failure to execute the contract as stated or to furnish bond, the bidder will be considered to have abandoned the contract and the bond or check accompanying the proposal shall be forfeited to the County not as penalty, but as liquidated damages.

The County reserves the right to reject any and all bids, or to increase or decrease or omit any item or items and to award to the lowest and best bidder.

The work must be commenced within 10 days after execution of the contract and completed with 100 calendar days after the date of the award.

By order of the Board of County Commissioners, of the County of Pickaway, State of Ohio.
Dated this 4-21-60.

Jets Collect First Win

By THE ASSOCIATED PRESS

Mark Freeman, a hulking 6-foot-6 fast ball pitcher, is an imposing foe on the mound when he uncoils and releases a high hard one.

The Toronto Maple Leafs found that out Friday night when the 29-year-old right-hander came on in relief in the fourth inning and made a successful debut in a Richmond uniform. He hurled six innings of no-hit ball while the Virginians came from behind for a 6-3 victory.

Freeman also stroked a key single in a three-run fifth inning rally that won it.

Buffalo and Rochester remained tied for first place with 3-0 marks as the Bisons edged Miami 5-4 and the Red Wings defeated Havana 7-3. Columbus beat Montreal 5-2.

Tom Cheney of Columbus pitched no-hit ball for six innings but needed Ed Bauta's relief help when he tired in the seventh to complete a two-hit job on the Royals. The Jets won it early, building a 4-0 lead after three innings on two-run homers by Pidge Browne and Tom Burgess.

Suggs Holds Lead In Dallas Open

DALLAS, Tex. (AP) — The $10,000 Dallas Women's Open Golf Tournament began to look like a repeat of 1959 today—Louise Suggs was leading and Wiffie Smith was second.

Miss Suggs from Atlanta, shot her second straight 1-under-par 70 Friday for 140 at 36 holes to take the lead by three strokes over Miss Smith, who had a 74 for 143.

Miss Suggs won the title last year with 287. Miss Smith, from St. Clair, Mich., was runner-up with 288.

Friday's round started with Miss Smith, Jo Ann Prentice of Birmingham and Fay Crocker of Montevideo, Uruguay, the leading money winner of the year, tied for the top with 69s. Miss Prentice took a 76 and Miss Crocker a 77.

Latman Gets Nod To Hurl For Indians

KANSAS CITY (AP) — Barry Latman will make his first start for the Cleveland Indians today in the second game of their series with the Kansas City Athletics.

The 23-year-old right-hander, obtained by the Tribe this week from the Chicago White Sox in exchange for Herb Score, will be opposed by Dick Hall, 29-year-old ex-Pittsburgh hurler.

Norm Siebern and Bob Cerv hit back-to-back home runs Friday to lead the Athletics to a 4-1 viry in the series opener. The loss was the third for the Indians and left them the only American League team without a victory.

The winner was Ray Herbert, a veteran right-hander who allowed nine scattered hits in going the distance. He finished strong by retiring three men in order after Russ Nixon led off the ninth with a double. The win was the first for the Athletics after two losses to Chicago.

Cleveland outhit Kansas City, 9-7, but was never able to get a rally started. Four double plays cut down Indians runners in the first seven innings.

Wynn Hawkins, 23 - year - old right - hander making his first major league start, obviously was shaken by Siebern's and Cerv's home runs in the second inning. He walked two batters in that frame and one in the third before he was taken out.

He was followed to the mound by Dick Stigman, Bob Tiefenauer and John Briggs, who gave the Athletics but one hit between them.

Cleveland took a 1-0 lead in the top of the second inning on a dou by Tito Francona and a single by Nixon, but the two home runs in the home half of the inning put the Athletics ahead to stay.

Cerv drove in another run in the third inning with a triple against the center field fence, scoring Jerry Lumpe, who had singled. Cerv scored when Harry Chiti followed with adouble to center.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Clear skies and mild temperatures prevailed over the state during the night. Temperatures varied from about 50 in the low areas to the upper 50s and low 60s elsewhere.

Ohio again will be dominated today and Sunday by high pressure which is centered near Virginia and North Carolina. This will produce southerly winds with a slow increase in moisture. But as yet it will be insufficient to prod showers, and dry weather will last over the weekend. Temperatures will be well above normal with very little cloudiness.

This morning temperatures ranged from 50 at Zanesville and Marietta to 60 at Toledo. Columbus had 63 and Cincinnati 56.

Grand Jury Ignores 'Frameup' Accusation

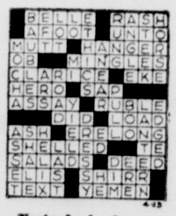

CINCINNATI (AP)—The Hamilton County Grand Jury discounted Donald DeMolet's story of a frame up and indicted him Friday on charges of burglary and attempted safebreaking.

The grand jury said that contrary to DeMolet's testimony, "we are unable to substantiate that he or the deceased Jones was lured into committing the burglary by any police action." William Jones, DeMolet's partner in an April 1 drug company burglary, was fatally shot by police.

Walnut Twp. Visitation Days Success

Walnut Twp. School has had lots of company during three days of visitation tours.

Officials have been pleased with the interest shown by the parents of their community. On Wednesday, the school had many parents who came to visit their children in the intermediate grades.

Thursday, many parents who have children in thejunior high and high school were there. Each one that was contacted by interviewers stated that he was thankful he came. Some were surprised at the smallness in size of some of Walnut school rooms.

Others commented on the meager facilities for science instruction. One mother said, "Where do the high school classes meet?" after she had been in the building for a while.

Galloway Injured At Swim Pool Site

Charles Galloway, 19, Route 1, Ashville, suffered a pelvis injury while working in Columbus yesterday.

Galloway was taken to Mercy Hospital, Columbus, for x-rays and treatment. He was listed in "good" condition.

The injured was working at a construction site for a new swimming pool. He is employed by the local McFarland Co.

Fellow workers said he was injured when he jumped into a ditch to start working. They said a small part of the ditch collapsed on him when he landed at the bottom.

New Missile-Launching Ideas Pass Tests Successfully

LOS ANGELES (AP)—The Air Force is packing a new missile shooting iron today after blasting an Atlas ICBM from a revolutionary horizontal concrete firing hangar.

And the Navy successfully tested Friday a new method of launching that turns any ocean, lake or stream into a missile launching pad.

The Air Force, after the Atlas test Friday at nearby Vandenberg Air Force Base, announced the new horizontal firing method is operational or combat ready.

This means Vandenberg now has two operational launch complexes—previously completed vertical sites plus the new "coffin" or horizontal complex.

Previously Atlases, like other big missiles, have been kept in vertical posture on their pads until launching. They have been serviced with huge gantry cranes that take precious time to roll away before firing.

The new coffins are 35 by 90 feet high concrete hangars. The 83-foot Atlas is stored horizontally inside. Just before firing a roof slides back. Then the Atlas blasts off for any target within a 6,000 mile range of the West Coast facility 125 miles north of Los Angeles.

At Point Mugu, near Vandenberg, the Navy demonstrated the novel theory that ballistic missiles can be launched from the surface of oceans, lakes or streams by floating them like spar-buoys.

The 70-inch missile, rigged by three frogmen in a rubber raft, shot less than 100 feet into the sky. But the Navy said the test means oceans are now launching pads.

Walnut Twp. Visitation Days Success

Walnut Twp. School has had lots of company during three days of visitation tours.

Officials have been pleased with the interest shown by the parents of their community. On Wednesday, the school had many parents who came to visit their children in the intermediate grades.

Thursday, many parents who have children in thejunior high and high school were there. Each one that was contacted by interviewers stated that he was thankful he came. Some were surprised at the smallness in size of some of Walnut school rooms.

Others commented on the meager facilities for science instruction. One mother said, "Where do the high school classes meet?" after she had been in the building for a while.

Starts at 7:30 p. m.

NEW CHESSMAN PLEA—What probably will be the last bid for life by convict-author Caryl Chessman will be based on a charge that he was convicted deliberately through use of perjury, says attorney George T. Davis (left) in San Francisco. Davis says he now has evidence to prove Chessman was not the "Red Light Bandit." He said the evidence proves "the suppression of material evidence proving Chessman's innocence." At right is investigator William Linhart, who assisted in obtaining this new evidence.
